16. The Committee having charge of the Yearly Meeting School at Providence, R. I., presented their Annual Report, viz. : —

REPORT OF BOARDING SCHOOL COMMITTEE.

TO THE YEARLY MEETING :

The Committee having in charge the Boarding School at Providence, established by and under the care of the Yearly Meeting, in presenting the Seventy-third Annual Report of its operations, would state that, while they have but little that will be especially new to report, they have the great pleasure of informing the Meeting that the work performed by the pupils and the efforts of the officers and Board of Instruction have been productive of very satisfactory results. The Sub-Committees, appointed from time to time, have made very encouraging and cheering reports of the condition of the school and progress of the scholars, in the various branches in which they are engaged; and in their frequent attendance of the Meetings for Worship held on First and Fourth day mornings, as well as the evening of First-days, they have found them to be seasons in which much solemnity and religious interest have prevailed — and, in general, the Committee can thankfully acknowledge that the deep spiritual earnestness which has characterized the religious work of the school, of latter years, has in no wise abated during the past year, but the rather, has been upon the increase, so that spiritually and intellectually the previous high standard of the Institution has been well maintained.

The general health of the family, during the past year, has been exceptionally good. One death, however, has occurred, in reference to which, the Principal, in his communication to us at our meeting in the Fourth Month, stated: "We were saddened by the loss of Lois Anna Perry, a member of the senior class, on the 6th of Third Month, 1892. She was the daughter of William H. Perry of Clarks Falls, Conn., and at her decease a little over twenty years of age. Her sickness, which was rheumatism, was very brief. She was a beautiful Christian girl, and has, we believe, graduated to a higher, holier, and more blessed immortal life."

The decease of George Howland, Jr., one of our number, occurred on Second Month 18th, 1892; he had been almost uninterruptedly a member of the School Committee for nearly half a century. The following minute was entered upon our records at our meeting in the Fourth Month, viz.: "We are called upon at this time to record the decease of our dear friend George Howland, Jr., who was for a long series of years a valuable and efficient member of this Committee, and for many years faithfully served the Committee in the capacity of clerk. We have gratefully to acknowledge our high appreciation of his uniform kindness, courtesy, and fidelity, as well as the marked cheerfulness which he manifested towards the students and all those in charge of the Institution; and in every way in which he was connected with it, he showed his warm attachment to the school, and his earnest, prayerful desire for its best welfare."

Another vacancy has occurred in our number, on account of which, the following minute was placed upon our records in the Eleventh Month last, viz.: "The Committee hereby desires to express its appreciation of the long continued, faithful, and efficient service of our friend Charles F. Coffin, in the interests of this Institution."

The growing interest in Mechanic Arts, Drawing, and Painting, and the crowded condition of the house seemed to the Committee to demand additional accommodations for these branches; it was decided at a meeting of the Committee in the Sixth Month last to erect, at the north of the east wing, a suitable building, which was accordingly carried into effect and completed so as to be occupied in the early part of Third Month last, greatly to the comfort, convenience, and satisfaction of the instructors and pupils.

The number of scholars for the year has been, — boarders 161, day students 18, total 179.

The officers of government and instruction have been: —

AUGUSTINE JONES, A. M., L. L. B., Principal, and Political Science.

18. The Committee having charge of Oak Grove Seminary and Bailey Institute, presented their Annual Report which has been read.

The earnest and faithful effort shown in the management of this school was encouraging, and the Meeting was united in thankfully accepting the report, which is as follows, viz. :—

REPORT OF COMMITTEE ON OAK GROVE SEMINARY AND
BAILEY INSTITUTE.

TO THE YEARLY MEETING :

In presenting to the Yearly Meeting their annual report of Oak Grove Seminary and Bailey Institute, the committee in charge would thankfully acknowledge the blessing of our Heavenly Father, which has rested upon the school during the past year. The attendance has been good [numbering one hundred and twenty-three] and, with very little exception, the health of the Board of Instruction and pupils has been excellent. Under the efficient management of the principal, Rufus M. Jones, aided by his wife, Sarah C. Jones, as head of the household department, the affairs of the Institution have been prudently and wisely administered, and a genial home feeling has been clearly apparent to those who have been privileged to mingle as visitors with the family and pupils. In the school and class rooms the labors of the principal have been ably seconded by the teachers in charge

of the different departments, and we believe that the literary work of the school will compare favorably with that of any previous year. The graduating class numbered thirteen, and the Commencement exercises, which were attended by eighteen members of the Committee, were interesting and satisfactory to all. Meetings for divine worship have been regularly held on First and Fourth days, and social meetings [usually conducted by the pupils], two evenings in the week. Several of the pupils have, during the past year, started on the happy Christian journey; and these, with others of more advanced Christian experience, have manifested a deep interest in the religious work of the school, and have given evidence in their daily lives, of the change wrought in them through faith in a living Saviour. The regular meetings for worship have been frequently attended by members of the Committee, but none have been more signally blessed by the great Head of the Church than those in which no visitors were present.

During the school year a large and finely finished gymnasium, eighty by thirty feet, has been erected on the grounds north of the school building, and presented to the school by our friend, Charles M. Bailey, who has also generously donated the sum of seven hundred and ninety-eight dollars and twelve cents to balance the school accounts. A timely and acceptable gift of one hundred dollars from a Friend in Lynn, Mass., has been used for the purchase of philosophical apparatus.

We have also to thankfully acknowledge a gift of sixty dollars for the Sybil Jones Fund, from a Friend in Portland, Me. The board and tuition of ten pupils has been paid during the year, through the generosity of friends of the school.

We believe that the Institution, under its present management, is fulfilling the high "aim" of its founders "to develop strong, upright, cultured Christian men and women," and we again commend it to the care of the Yearly Meeting.

The Principal for the coming year will be Rufus M. Jones, A. M. The rest of the Faculty are not fully determined upon.

19. The Committee on Education have presented their report, which is approved and is as follows, viz. : —

REPORT OF COMMITTEE ON EDUCATION.

TO THE YEARLY MEETING OF FRIENDS FOR NEW ENGLAND.

The Committee on Education reports that the present year has been a very successful one in the schools of the Yearly Meeting, and yet they feel

that the schools do not claim the attention from many Friends which their advantages warrant.

The statistics show that large numbers of children of the Yearly Meeting are not at either school, who are of the right age to be improved by the institutions.

There are many well known reasons which contribute to this result, but the advantages in training and culture under new and independent influences, are not, we think, sufficiently realized. The present year has exhibited an advance in general education, the world over, which has no parallel in history.

The educational light is reaching the ignorant masses with universal power which rejoices our hearts. This should stimulate us to cherish our own institutions; they are capable with further endowment of doing vastly more effective work.

Our fathers sought to make them sectarian nurseries. It is our privilege in a more advanced age to see the breadth and depth and scope of a larger culture, a greater and more enduring influence extended to all mankind.

We cannot hold, without untiring devotion, an influential place in the great domain of education, when public interest is so fully awakened and public money is expended so lavishly, when the wealthiest persons vie with each other in the magnificence of their endowments. God has given to us a share in this noble work of elevating mankind, and in all our beneficent enterprises none exceeds it in importance.

We should be unfaithful to our most sacred duty if we turned this service over to the cold, mechanical, unfeeling hands of the State, or if we gave place to other denominations with different specific missions and characteristics. Therefore, the modern popular cry that all education should be in the care of the State is wrong and ought not to be heeded.

The cause demands that we should seek to reach constantly a higher standard of work, and do all we can by our example and influence to urge on the public schools to greater perfection. The public school is the child and offspring of the private school and needs its stimulating influence.

The training of the intellect which is a portion of that immortal mind, which is destined for eternity, cannot fail to be a matter of the deepest solicitude to the church which seeks the culture of the spirit, and to bring all men to Him who is the Life, the Truth, and the Way.

21. The Records of the Representative Meeting were now read and approved.

22. Olney T. Meader and Owen Dame, were appointed to fill the vacancies occurring in the Trustees of the Mosher Fund.

Adjourned to meet in joint session this afternoon.

SEVENTH-DAY AFTERNOON.

Friends assembled in joint session pursuant to adjournment.

23. A communication has been received by this Meeting, which, according to our custom, we place in the hands of a few Friends to examine and report at a future time, and we appoint for that service William O. Newhall, William P. Pinkham, Hannah J. Bailey, Eliza P. Pierce, and Alfred H. Jones.

24. The Committee on Foreign Missions have presented their Annual Report, viz. : —

TO THE YEARLY MEETING :

The Foreign Mission Committee would submit to the Yearly Meeting the report of the work at Ramallah as furnished by our friend, Etta H. Johnston. She says :—

At the commencement of the report for the past year, we wish to acknowledge the loving kindness of God.

Although we were called during that time to live without our dear Mission Mother, Huldah H. Leighton, yet He has guided and guarded and, like the loving Father His children know Him to be, has *more* than answered our petitions for His aid.

The Mission Monthly Meeting has just started upon the third year of its existence. Seven new names have been added to our list of thirty-two already upon record — four by birth and three by request. Of the latter, one is the new Syrian teacher, who will probably prove a blessing to the meeting, and the others are a native and his wife — people who have long attended our meetings and have given evidence of having begun the Christian life.

The meetings for worship are well attended. The business meetings have continued to improve in respect to order and method, until now they quite resemble the quiet, orderly business meetings of New England.

The average attendance at the Sabbath morning Meetings is sixty-five, — a small increase upon last year's number. Perhaps in no place have the loving words and wise counsel of our dear Huldah Leighton been more sadly missed than in these meetings. However, the presence of the "Great Head of the Church" has often been felt, and new voices have sometimes been heard in prayer or exhortation. These Sabbath Meetings have been a source of strength and blessing to many. Our Monthly Meetings' Treasurer still continues to take up a collection once each month, and the little amounts which the people are able to give from their small means are given cheerfully and even joyfully. In our last Monthly Meeting the Treasurer reported one hundred and seventy francs in the treasury. The people have the same object in view as before — that of aiding their dear New England Friends when they are ready to build for them a meeting-house.

In Tenth Month, the members of various classes that had in past years met for Bible study in different places and at different times, were brought together and organized into a Sabbath School, such as those we have in

New England. It is held in the meeting-room, from three to four each Sabbath afternoon, and thus far has been one of the happiest and most profitable hours of the week. There is no other Sabbath School of the kind in all Palestine.

The average number of attendants since organizing has been fifty-four. These are arranged into eight classes — four for adults and the same number for children. Both teachers and scholars display eagerness in imparting or receiving the lessons, and it is a beautiful sight to see the little people, some of them seated upon the straw mats, looking up into the earnest faces of their teachers, as they apply the Bible truths to their young lives.

The fathers and mothers, also, sitting with their heads covered with red and yellow turbans, or with long, white, cotton veils, seem like children in their simplicity and willingness, or rather eagerness, to learn. The Bible is becoming precious to some of these. The way they carry it about on the Sabbath and study it before groups of their Greek and Latin friends, seems a proof that they are proud of the Christians' sacred book. Once a month, we have given cards and religious papers to the school. The papers are in Arabic, and were obtained last autumn for the asking from the Children's Special Service Mission, of London. Many of the natives, who are Greek by religion, while they cannot be induced to enter the meeting-room, will stand outside, and when the school is over ask those who can to read their papers in their hearing upon the corner of the street. Arabic literature is a good aid to the work, both in the Sabbath School and Training Home.

The former interest has been kept up in our Fifth-day evening prayer meetings. The people who attend, so completely fill the school-room where they are held, that we find it necessary to do without the presence of the Training Home girls, except a few of the oldest. Most of the workers and several of the natives take part in these meetings, and we find them hours of blessing.

The Mothers' Meetings are carried on with much earnestness by our Dispenser's wife, who was formerly our teacher Emily. They are held twice a week — in the eastern and western parts of the village, alternately.

A few extra meetings were held in the house of Jurious Kuddoorah, one of our teachers, we believe, with profit. The number of women who attend the regular Women's Meetings is eighteen. Those who once get into the habit of attending, seldom remain away if it is in their power to be present. The mothers bring their infants, and many their baskets of wheat to look over while they listen. A small part of the two hours is devoted to teaching the young mothers how to read from the Bible and all are taught portions of Scripture by heart.

Since there was no way to heat the meeting-room, Emily invited the women, when the weather was very cold, to her own little upper room near by, which, with her husband, she had consecrated to the Lord upon entering it after her marriage. In these meetings the interest in that

which is good and pure and right is increasing. We notice a slow but sure change for the better in the homes and lives of the down-trodden women, at least those who have been brought under the Mission's influence.

One evening of each week is spent in teaching the children of the schools and the older people hymns. They seem to enjoy singing, especially the men and children. So quickly do they catch the words and music that in the past two years they have learned by heart over half a hundred hymns.

Since the interesting examination and concert last year, the people of Ramallah have shown an increased interest in our schools. Many are begging to have their little girls taken into the Training Home and made useful and good. Ever the answer is given them: "There is no room." May God hasten the day when there will be room for many, that they may be trained for Christian teachers or wives of the future. The condition of Palestine in the future depends so much upon the training of the boys and girls of the day! So rapid has been the change for the better in the few girls now in the Training Home, that we are longing to bring more from the miserable Moslem villages and teach them of Christ, the children's Friend. Now that the people of Ramallah have seen the good effect Christianity and education are having upon their daughters, they are asking for the same blessing for their sons. Often they say to us: "Why do not your people provide a Training Home for our boys? Please, will you tell them that we love our boys, too, and want them, also, to be trained rightly." How all would rejoice if, in the near future, we could see upon this "Hill of God" in Bible lands, Training Homes for both boys and girls! We pray that our God, whose work it is, may, in His own good way, provide that the children may be taught the way of salvation, and go out from Ramallah a blessing to their country.

The twenty girls in the Training Home have made excellent progress in their studies, housework, knitting, and sewing. When we began school in Tenth Month, there was a vacant place caused by the death of one of the most promising of our girls, Bookreyeh Nickhoo. She died during summer vacation while at her home in Haifa. When this child first entered the Home, one short year before her death, none was, or could be, in greater need of training. Since she was obedient and diligent in duty, she made marked improvement. During the spring term, she had given evidence of a change of heart from her life and conversation. We believe she is now safe in heaven with the Saviour whom she confessed and loved on earth. Her death made a deep impression upon her school-mates, and since that time some have appeared more thoughtful regarding sacred things. Bookreyeh's place was filled with a little girl six years old belonging to a Friend in our own village. This child, Alhzezie Rafeedie, is now the youngest in the Home. Always happy as a little bird, healthy, innocent, and pretty, she is the pet of the school. Together with the rest of the little ones, she has committed to memory six chapters from the Bible, besides many other things.

In Fourth Month, a short time before Huldah H. Leighton left us, a new teacher, Martha Nusr by name, came from Baalbec to assist in the Training Home work. She is beloved by all and has done noble work for the Mission during the year. Much care has been taken by both Martha and our head teacher, Katie, to have the children thorough in all they do. Some new tasks have been added during the past year, such as assisting in the weekly washing, preparing bread for baking, and cutting and fitting their simple clothing. We are able to say of these girls that nearly all are very fond of both work and study. Although there is still vast room for improvement, their progress has been so rapid and satisfactory in respect to thoroughness, that the Training Home work is among the pleasantest and most hopeful of all. A part of each morning is spent in reciting English, and in these lessons they are joined this year by the larger of the boys from the Day School. The children display much cleverness in picking up our language, especially since the beginning of the winter term of school, when a rule was made obliging all to speak English every Sixth day, have they made rapid improvement.

The daily scripture lessons with the children are exceedingly interesting, and their intelligent questions and answers show plainly that they are getting an excellent foundation for the Spirit's work. The older girls are quick to perceive the application of scripture truths to their lives.

Every child has thoroughly committed to memory one verse of scripture every day, except during vacation and Seventh-days, since the autumn term began. Some of our dear girls have begun to live for Christ. We firmly believe that in answer to your prayers and ours, all will in time be brought into His fold.

There are twenty-one boys now in the Day School. The Greek priests have started a school for boys, and during the past two years have succeeded in forcing the fathers of our boys to send them to receive their erroneous teaching. Those who remain are mostly from Greek families, but are related to the Friends, or those who come under the Missiou's influence. Although these boys have made fair progress, yet we cannot report as much satisfaction in this as in the Training Home work, since home influences counteract much of the good teaching which they get at school.

Our Girls' Day School is now under the care of Helanie Totah, who was formerly in the Training Home, and last year assistant teacher. Her girls number twenty-eight with an average of nineteen. They have been examined once a month, and as good work has been done as can be expected, when we remember the relation each girl bears to her home — that of a slave. Much scripture has been taught these children, also hymns, which some of them sing in their wretched cave homes.

Six months during the year the evening school for men was kept. Those who attended regularly did excellent work under the teaching of ever-faithful Jurious Kuddoorah. He met his pupils in the boys' school-room three evenings of each week and spent two and often three hours with them. The men of this school are all members of the Friends' So-

ciety. Two of them began the alphabet and are now able to read any chapter in the New Testament. Besides reading, — spelling, writing, and arithmetic were taught, and the lessons were followed by a few moments of silence and then prayer was offered, either by Jurious or one of his pupils, in conclusion.

It affords much pleasure to report the work of the Medical Department this year. It has done nobly for the sick, notwithstanding the sorely-felt need of a hospital. The new Doctor seems admirably adapted to the place and is loved and honored by the people.

Several times during the winter the Doctor and Dispenser met from fifteen to twenty of the native men in the "Guest Room" of the village, and spoke to them upon the subjects of love, peace in and between families, cleanliness as conducive to health, etc.

During the year thirty-six villages were visited for medical treatment, more than thirty-six hundred prescriptions were made up at the Dispensary, and over ninety surgical operations (nearly all successful) were performed. The income from medical visits was twenty-two hundred francs. For medicine four hundred francs were paid out, while the income at the Dispensary amounted to eight hundred fifty-six francs. A clinic was held as formerly, three days each week, when the Doctor and Dispenser devoted fifteen minutes to Bible-reading and prayer. While receiving prescriptions or waiting for remedies for their bodies, patients were often spoken to separately about the Great Physician, who alone can cure the worst of all diseases — sin.

Six persons, belonging to a family of seven, some of whom are Friends, were ill at the same time with typhoid fever. Since there was no hope of their recovering, situated as they were in their one cold, damp room, and since there was no hospital, we gave them the use of the boys' school-room and sent the school to the meeting-room for one month. They have since been overwhelmed with gratitude for the help, and are ever seeking to show it by kind deeds and words. Care was taken to have the school-room thoroughly cleansed before again using it for the children. Death removed from the afflicted family their aged mother, with whom some of the workers were privileged to have some earnest talks, the result of which is left with God. The others recovered, and now one of the brothers has changed a worldly life for that of a Christian and has applied for membership with Friends.

The appearance of cholera in the northern part of Palestine necessitated the placing of soldiers at every important road in the country.

Our Mission Physician was called upon by the Government to attend the nearest quarantine three times a week. It was stationed at a village called Singel, midway between Jerusalem and Nablous and four and one-half hours northeast of Ramallah. The doctor began his visits Tenth Month 21st and ended them the first of Second Month, at which time the quarantine was raised.

Since the last report, scarlet fever, measles, and influenza have prevailed more than other diseases. In our own village, seventy-three children died

with scarlet fever and forty-eight with measles. If there had been a hospital in which to take them, probably most of these could have been saved.

Measles and influenza were raging at the same time among the children of the Training Home and doctor's family. Many of the workers also were ill with the latter; but since much depended upon good nursing as well as medical treatment, all completely recovered, although some cases were indeed critical and caused much anxiety. Only the strongest can hope to survive in such houses or caves as the native people inhabit here.

Prayer goes up from the Mission, as well as from many New England homes, that God will speed the day when there will be a hospital raised upon this hill.

In medical mission work, Palestine people, even the most prejudiced among the Moslems, can and do see the practical love of Christians. Bestowing, as it does, deeds of love together with the words, it affords an admirable opportunity for spreading Christianity.

At Christmas time the preparations and performances at the Mission were the same as last year, and it was a happy, joyous time for all. Simple prizes were given to the boys and girls of the day schools whose attendance was regular, and Bibles and hymn books were presented to eight of the Training Home children for superior conduct during the year.

On Christmas day a special Bible service was profitably held in the sitting-room of the Mission building. Our Christmas vacation lasted ten days, and was mostly devoted to receiving calls from the Ramallah people. Those who came numbered over a hundred. Unlike former years, the men called by families or tribes, each numbering about fifteen. The women came as usual by twos or threes, with their children.

Last autumn, the Mission vineyard yielded over six hundred rattles of grapes (about 3,600 lbs.)—more than in former years. About half of these were stored for winter use in the form of raisins, molasses and jam. This spring the vineyard has been ploughed and pruned in the same manner as it was one year ago.

The fig, almond, pomegranate, and other trees give promise of yielding much fruit for the Training Home in the coming autumn.

Barley was sown in every available place, and is growing nicely.

Nimer, the faithful Arabian Mission horse, has done excellent service for the medical department during the past year, and although twelve years old, seems strong and ready for more.

We have been cheered and gladdened by visits from three of the Brumana workers, some of our dear English Friends, and several missionaries from this and other countries.

As this paper starts upon its long journey over the sea, it leaves every member of your Mission family well and happy. Let it bear to New England Friends the message that God is ever with us, and may He keep them also, as He has kept us, in the hollow of His hand.

The Committee are impressed with the responsibility laid upon Friends in the open door which the Lord has set before them in these Bible lands.

So many requests to receive girls into the Home have to be refused for lack of room, that the Committee feel that some enlargement of the Mission building is necessary.

A plan of the same having been procured, the Chairman was directed to present the subject and its needs to the Yearly Meeting.

On behalf of the Committee,

RUTH S. MURRAY, *Secretary.*

This Report has been interesting and cheering to us, and we rejoice in the renewed evidence furnished, that the Lord has blessed our work, and that our Mission is a centre from which the light of the Gospel is emanating and gradually penetrating the surrounding darkness. The Committee ask for \$4,000.00 to carry on the work another year.

We refer the nomination of a Committee to carry on the work to the Joint Nominating Committee.

NEWPORT, Sixth Month, 11, 1892.

We acknowledge with gratitude the reception of a beautiful copy of Webster's International Dictionary donated by the publishers, G. & C. Merriam, Springfield, Mass., also of an excellent scale presented by the manufacturers, E. & T. Fairbanks & Co., St. Albans, Vt.

Both of these useful presents are in daily use at the Mission at Ramallah.

25. The Report of the Committee on Gospel Work was now presented and read, and is as follows, viz. :—

REPORT OF COMMITTEE ON GOSPEL WORK FOR THE YEAR
ENDING SIXTH MONTH, 9th, 1892.

DEAR FRIENDS, — Under a sense of the goodness of the Lord in blessing us in the gospel, we come to you with our annual report. "Truly,

the harvest is plenteous, but the laborers are few." Our concern seemed to present to us the great vital questions which lie at the threshold of church obligations and duty, viz.: The practical, systematic, and economical use of all the forces of the Yearly Meeting, which are called of the Lord into either pastoral or evangelistic work; and the bringing of these into action in harmony with the Divine will, and under the power and anointing of the Holy Spirit, so as to involve the responsibility of the Church, and bring into exercise the gifts conferred upon it. We found nearly all our meetings destitute of any systematic plan for keeping themselves alive, and building up the membership.

We have failed in our plan to have all our meetings blessed with special work. We could not send our workers indiscriminately into every meeting, and we were embarrassed by the general prevailing sickness, and, for want of means, were obliged to suspend our work at the most important time. By the reports received from the Friends appointed in each Quarterly Meeting to have the care of the work, we learn that the concern of the Committee has been largely attended to.

Nearly all our meetings have been visited. In some places meetings lasting two days or so have been held, and very many families have been visited, and the newly converted and renewed have been more generally looked after, encouraged, and instructed than heretofore. A large number of those who have claimed Christ as their Saviour are holding on to their profession. Some of our meetings that have no resident minister have been regularly supplied with a minister or other active worker, and a large amount of pastoral work of an incidental character has been done. Nearly all the reports that have reached us are encouraging, in regard to the work of the Lord. From these reports of the Quarterly Meeting Superintendents, we present, as a result of our work, the following, viz.:—

Number of meetings visited	63
Series of meetings.	11
Number of meetings held	722
Families visited	625
Number of professed conversions	324
Number of renewals	122
Number claiming sanctification	80
Meetings that report gain over last year	12
Number of requests for membership	126
Meetings kept up in school-houses throughout the year	4

Bible readings, meetings for children, temperance, and foreign missions have been held with good results. While we would be careful in our reports not to exaggerate, we believe we can say, to the glory of God, that our work has been blessed with more spirituality, and the currents of Divine Life have been broader and deeper than last year. In conclusion, we will say that our observation and experience teaches us that some form of systematic service must be instituted and carried out, in order, rightly

and fully to accomplish satisfactory results in pastoral care of the flocks in the liberty and life of the Spirit.

Many of our meetings are in need of an efficient, resident minister who has the gift of a pastor. Meetings of this kind are located in cities and in the country where non-members and strangers attend, large meetings, especially with many young people and children, and places where meetings may be gathered away from Friends' neighborhoods. We recommend to the Church the consideration of this important subject. We gratefully acknowledge the uniform kindness shown us, and all the workers, the readiness of meetings and individuals to co-operate with us in all our work, the self-sacrificing devotion of those who have gone forth to labor, the liberality by which Friends have supplemented the consecrated means given at last Yearly Meeting, and the general unity which has prevailed.

With a living sense of gratitude we render an ascription of thanksgiving and praise to the Lord our God who by His Holy Spirit has led, sustained, and strengthened us, and has given power and success to all, as they have gone forth preaching Jesus and Him crucified.

Signed by direction and on behalf of the Committee.

DAVID J. DOUGLAS, *General Supt.*

P. S. — It is the judgment of the Committee that (\$2,000) two thousand dollars is needed to carry on the work the coming year.

DAVID J. DOUGLAS.

This deeply interesting report was satisfactory to the Meeting. We feel that a great deal of work has been done by the Committee with cheering results. It was concluded to continue the work under the care of a Committee, the nomination of which is referred to the Joint Nominating Committee.

26. The subject of providing a central location for holding the sessions of the Yearly Meeting, which was referred to the Representative Meeting last year, was brought under consideration in the report of that Meeting. While we are aware that the hallowed associations of the past, centre at Newport, we still feel that the exigencies of the present require a central position for the sessions of the Yearly Meeting. Desirous of moving with due care and deliberation in such an important matter, the Meeting decided to hold its sessions next year at Lynn, Mass., it being understood that all legal questions connected with the subject should be referred to the Representative Meeting about to be appointed, and all necessary arrangements for holding the Meeting next year should be under their care. In case the proposition to meet in Lynn should prove unadvisable, the Representative Meeting shall have power and authority to summon the Yearly Meeting to meet at Portland, Me., as heretofore, at the usual time.

Adjourned to meet in separate sessions Second-day morning, at ten o'clock.

SECOND-DAY MORNING, 13th.

Met in separate session pursuant to adjournment.

41. The civilization and religious improvement of the Indians west of the Mississippi River have long claimed the attention of our Meeting.

The Committee appointed to that service have presented the following report, viz. :--

REPORT OF THE COMMITTEE ON WESTERN INDIANS.

TO THE YEARLY MEETING:

Efforts to Christianize and civilize our Native Americans are weighted by the bad influence of some white people who have rushed in upon

Indian lands (now opened to settlement) bringing with them the vices of many years. The past year has had its successes and defeats, but the gains have outweighed the losses.

From the report of the Associated Executive Committee we learn that the meetings established previous to the last annual report have been maintained throughout the year, and to these have been added: Oak Grove near the Iowa meeting, Tecumseh, near Shawneetown; Miami City near the Ottawa meeting, Cayuga near the Seneca meeting.

Nearly all the Bible Schools report, that portions of Scripture are committed to memory and repeated; such as the Twenty-third Psalm, the First Psalm, and other selections. Some of the meetings and Bible schools are learning to contribute to the support of missions, and one at least sent a few dollars to the Russian Famine Fund. Within a year, good, plain, substantial buildings for meeting and school purposes, twenty-two by thirty-four feet in size, have been built at Tecumseh, and Cayuga. Some of the means contributed for the erection of both these houses have been made by members and others living in the vicinity.

On the Cayuga house there remains a debt of one hundred and eighty dollars. The other is free from debt. John and Eliza Watson have charge of Skiatook Missiou; their daughter Eva with an assistant conducts the school. There were twenty-four deaths in the vicinity within four months, but the meeting and school have prospered.

A very much needed addition has been made to the school-house, doubling its capacity, and greatly increasing the usefulness of the school. These seven buildings (counting that for the Modoc station as two), added to those reported last year, give us now nine comfortable dwellings, and eleven good school and meeting houses.

Ten men are engaged in religious labor among these meetings, of whom eight have the very important aid of their wives, and there are four other women acting as missionary teachers. All the Friends labor in part for their own support, the men taking an active part in the construction and repair of the buildings they use.

The Cayuga meeting has been built up largely by John and Lucy Winney (Indian members), who put up a house on an allotment of two acres. The meeting has averaged about sixty in attendance since the erection of the house. Chas. W. Goddard and wife were removed from the Senecas to the Modoc Mission last Ninth Month. This band is now reduced to sixty-six in number. Several have gone back to their old home in Oregon, and others have died. They are more industrious than most of the Indians, and are religious, though much exposed to the temptations of the border towns.

In the allotment of land to these Indians, the location heretofore occupied by our Mission home was given to one of the tribes, and the allotment to the Society, for church and school purposes, was made three quarters of a mile distant. The abandoned Government school-house, which had been used for meeting and school purposes, was purchased for a small sum. This house was moved to the allotment and remodeled (by

C. W. Goddard) which, with a small addition, makes a dwelling with five rooms for the Mission family, and a meeting-room that will seat comfortably one hundred and forty (140) persons, at a cost of about five hundred dollars. Shade trees have been set out, and grape vines and fruit trees planted. The Mission is pleasantly located, and is one of the best Mission homes in the Territory.

Soon after the buildings were completed, a series of revival meetings were held, with little interruption for five weeks, by C. W. Goddard, assisted by Jeremiah Hubbard and Robert Quiggin. As a result, the tribe is better united, and their testimonies and prayers more frequent. Besides attending meeting at the Modocs, our Missionary attends regularly several in other localities.

By Act of May 2, 1890, Congress divided the Indian Territory, and created the Territory of Oklahoma out of the western portion thereof, with the public land strip north of Kansas and Colorado, otherwise known as No-man's Land.

The new Indian Territory is that part of the United States occupied by the Cherokee, Creek, Chickasaw, Choctaw, and Seminole nations, known as the five civilized tribes, and by several tribes in the Quapaw Agency, contiguous to the northeast corner of the Cherokee Nation. Nearly all the tribes, with the exception of the five civilized, have taken their allotment, and the remainder of nearly all the reservations has been opened to white settlement.

In several places the introduction of the whites, who have largely outnumbered the Indians, are, some of them, more dangerous to good government (however wild and uncivilized the Indians are). Especially is this true in the new Territory of Oklahoma, where Shawneetown is situated.

From letters received, we are informed that the Shawnees have received their last money from Government for the sale of their lands. Some of them are using it to good purposes, buying wagons, harnesses, agricultural implements, and fencing their lands. The new town, Tecumseh, three miles from Shawneetown, had nearly as many saloons as business houses a few months ago. They sell to Indians without restraint, and drunkenness prevails. The terrible tide carries many away.

Through the efforts of Dr. Kirk, a house for school and meeting purposes was soon erected, and sixty children are being taught in it every day, by Robert W. Hodsdon, a minister of the Society of Friends. Another minister, William Neal, felt called to work here. As no means were available for his support, the Missionaries share their support with him. He visits from house to house every day.

All the workers are doing their best, looking to the Master for direction and strength. John and Mary Mardock continue their earnest labor of love at the Iowa Mission. The teacher, Lina B. Lunt, from our own Yearly Meeting, makes one of the family. (She is supported by the Woman's Foreign Missionary Society.)

This tribe has suffered great disturbance from the allotment of their lands, and intoxicants sold in the border towns. Yet souls have been won

and built up in the faith. The Mission house is built of logs, situated in a low place, wholly unsuitable to live in. As Friends did not begin work at the Iowas until after the passage of the Dawes Land-in-Severalty Bill, the allotting agent would not set apart the land, where our improvements have been made, to Friends' use.

Notwithstanding this, John Mardock has made the first claim to the land as a homesteader, and we hope to purchase the land in the near future, for which money has been raised by one of our number to the amount of \$96, and enough appropriated by the committee to raise the sum to \$200. We need \$400 for this purpose.

John Mardock has also visited the Kickapoos once a month. On one visit he found them painted and engaging in a war dance. The arrest of some of their young men for drunkenness (after the white men had been licensed to sell whiskey to them) was the cause of this. They said they might as well kill the Marshal, and then all get killed, as to live this way. John, however, quieted them, and they now are interested in building a meeting-house.

In the recent troubles in the Northwest, a very little thing brought on that war, when two hundred persons were killed and one million dollars expended.

General Morgan, Commissioner of Indian affairs says: "Untold good has already been done by the churches, through distinctively missionary work, and that there never has been a time in the history of the Indians, when they were so susceptible as now to religious influences."

The amount to be raised by the different Yearly Meetings is three thousand five hundred dollars. We recommend that five hundred and twenty-five dollars be appropriated as our quota of this sum. We also ask that the treasury of our own Committee be replenished, not only by a collection in our Yearly Meeting, but also by efforts to be made in all our Monthly Meetings to the amount of \$1,000.

On behalf of the Committee,

MYRA E. FRYE, *Secretary.*

NEWPORT, R. I., Sixth Month 13th, 1892.

We rejoice in the blessed results that have crowned their earnest labors and greatly desire their encouragement in this important service.

42. The Committee appointed to examine certain papers (see Minute 40 of this year) reported that the paper contained a request that the Yearly Meeting re-consider its decision in the appeal case from Sandwich Quarterly Meeting, acted upon in 1885, as recorded in the Women's Minutes of that year, on pages 62 and 68.

This Meeting is united in referring the case to the Representative Meeting to be appointed.

43. The Report of the Bible School Committee was read and is as follows, viz.: —

TO NEW ENGLAND YEARLY MEETING OF FRIENDS :

In submitting our report we shall deal with the condition and work of the Bible schools during the year, without attempt at comparison with years previous.

An endeavor has been made to collect reports from every school in the Yearly Meeting, and with a good degree of success, but few schools having failed to respond.

At the beginning of the year our Committee was organized in a manner somewhat different from usual, by the appointment of a general superintendent and a superintendent for each Quarterly Meeting, these being in addition to the chairman, secretary, and treasurer. It is to the interest of the Quarterly Meeting superintendents that is largely due our success in securing full reports from each quarter. We also fully appreciate the promptness of local superintendents in the matter.

THE STATISTICAL REPORT thus prepared is herewith submitted.

Since no statistical report was presented last year, it is impossible to make comparison as to the growth (for we sincerely hope there has been growth) in the membership of our schools. It is to be hoped, however, that, at every Yearly Meeting in the future, a complete report will be presented, that we may be fully informed of the condition and progress of this most important branch of our church work.

It will be noted that the average attendance of all schools has been 65 %; the minimum was 52 %, this being in Parsonsfield Quarterly Meeting; the maximum was 72 %, in Vassalboro' Quarterly Meeting. In Fairfield Quarterly Meeting the average was about the maximum or 71 %. It is interesting to note that the two Quarterly Meetings attaining the largest average attendance are in rural districts.

Out of a total membership of two thousand seven hundred and eighty-one, the number reported as having evidenced change of heart during the year is fifty-seven. We should earnestly seek, with the Lord's help, to increase the number during the coming year.

In reply to the question "Is the religious interest increasing?" twenty-two schools answer in a clear, unmistakable "Yes"; thirty-three say positively "No" or "Think so" or "Trust so," or "The interest remains good." We recognize the difficulty of always answering a question of this nature positively, but we hope in future we shall do so as far as is possible, and trust that one of our aims in school work during the coming year may be to enable us to bring up from all quarters clear, unmistakable testimony that the interest *is increasing*.

In answer to the question "Do you observe Children's Day?" only five report that they have; fifty saying they have not. Let us remember, dear friends, that in our Bible School work the interests of the children are or should be the chief consideration. In late years it has become a general practice to set apart one day, at least, for special exercises by the children, and of special interest to them. We shall be successful in drawing the children in and doing them good just in proportion as we make our schools interesting to them.

We are glad to note that so large a proportion, almost one half, of our membership are *not* Friends. It gives us a good opportunity for the spread of Divine truth, and may it result in enlarging our borders.

We regret that so few report the holding of frequent and regular Teachers' Meetings. In the complete occupation of our time made by the demands of modern life, the Teachers' Meeting of all departments of Bible School work is perhaps most neglected. On the other hand it is almost universally conceded by Sunday School workers everywhere, that the Teachers' Meeting, when held and managed as it should be, is a most important factor in making the Bible School a success.

It is interesting to note the diversity of replies coming up from the several Quarterly Meetings as to the "*special needs*" of schools. Some of our Quarterly Meeting Superintendents have called attention to many points in our work needing attention and have made valuable suggestions as to how best to secure the results desired. One in particular refers to

certain localities where only lack of proper effort is responsible for schools not being larger. House to house canvass is referred to as being much desired, and in another Quarterly Meeting preliminary steps have already been taken to secure a worker who shall devote time in such visiting of homes, in the endeavor to reach children and bring them into our schools.

Did opportunity permit, it would be beneficial to discuss some of these questions here, but they must be referred to another department of our Bible School work, — one of great importance, and one which has been much neglected by our Society in recent years. We refer to the holding of annual conferences, in which we may come together from all parts of the Yearly Meeting, for discussion of the best methods of work and promotion of general interest in every way.

It is true that in several Quarterly Meetings, quarterly or semi-annual conferences have been held, and some of them during the past year. We believe these have been helpful and profitable. But they are very limited in time for work, and do not serve to bring together the interests of the whole Yearly Meeting.

On the 19th and 20th of Fourth Month last, such a general conference was held at Portland, delegates being present from many sections of the Yearly Meeting. It was a very interesting and profitable occasion, a copy of the programme being herewith submitted.

While the total attendance was not large, the interest developed was great and a large amount of good work accomplished. The Field Worker of the Maine State Sunday School Association who was present called it one of the best working conventions he ever attended. For several reasons we were greatly limited in time for organizing and planning it, but the results showed that had it been held at a more central point, where a larger number would have attended, and with sufficient time for preparation, it would have been, in importance, an occasion second only to the Yearly Meeting itself. We found that two days were not enough to satisfy us in the time allowable for the several subjects under discussion, and during the coming year it is hoped we may have a *three days'* convention. If this could be made an annual institution, we know not what good might result, not only to our Bible School interests, but to the general welfare of the Yearly Meeting.

If we conduct our Bible School work as we should, conduct it as we do our business, for a definite purpose and for definite results,—the salvation of souls and the upbuilding of the Church,—we shall seek every means of improving our methods and enabling us to work to best advantage. May the Lord bless us in our efforts in this direction during the coming year.

Before closing it is our duty to present to this Yearly Meeting a request coming to you from the Conference held at Portland. It is as follows:—

TO NEW ENGLAND YEARLY MEETING:

The Bible School Conference of New England Yearly Meeting, held at Portland, Fourth Month 19th and 20th, 1892, being deeply impressed with

the importance of a more intimate relation between the Bible Schools and the Church, united in requesting the Yearly Meeting to provide for such a relation.

1. By authorizing all the Bible Schools to report regularly once in three months to the Quarterly Meetings.

2. By authorizing the appointment of Quarterly Meeting Superintendents as a medium of communication between the Meetings and the Schools and through whom the required reports may be presented.

3. By the adoption of a suitable query to be answered by Monthly and Quarterly Meetings respecting the maintenance and condition of these schools.

By direction of the Conference.

In closing, we recommend that the request coming up from the Conference be granted.

C. IRVING BAILEY, *Treasurer.*

The statistical information given in this report was exceedingly interesting and we rejoice that our younger Friends are so earnestly carrying on this work. We feel that there is a close connection between the prosperity of our Bible Schools and our Meetings for worship, and that one acts favorably upon the other. We desire the encouragement of this Committee and trust that all our members will co-operate with them in the work of the Lord.

By direction of the Meeting the recommendatious contained in this report were referred to a committee to be proposed by the Nominating Committee. They shall also suggest a name for Yearly Meeting Superintendent of Bible Schools who shall be Chairman of the Committee to be named.

44. The Committee on Nominations presented the names of a Committee to report next year in regard to the recognition of a greater variety of gifts in the Church. (See Minute No. 35.)

They also propose the names of a Committee to memorialize the President, Congress, and Commissioners, in regard to closing the Exposition at Chicago on the Sabbath, and the sale of intoxicating liquors on the grounds; also on behalf of the suffering Freedmen of the South, and in relation to the outrages perpetrated in Alaska. (See Minutes 36 and 37.)

The names were approved and will appear in the proper place in the Minutes.

45. This Meeting is informed that there is some defect in the deed of conveyance of certain property in Washington, D. C., conveyed to John C. Gove. We refer the matter to the Representatives now in attendance of this Meeting for their consideration.

Adjourned to meet in separate sessions at 10 o'clock to-morrow morning.

THIRD-DAY MORNING, 14th.

The Meeting assembled pursuant to adjournment.

46. The epistle from London Yearly Meeting was now read to our edification.

47. The Meeting now entered upon the consideration of the State of Society as presented in the answers to the queries.

The answers are as follows, viz. : —

SUMMARY ANSWERS.

Ans. 1. All our meetings for worship and discipline have been regularly held, except thirty-six reported, most of which have been omitted on account of inclement weather and the prevailing sickness of the last winter. Meetings on First day are generally well attended, while those in the middle of the week are much neglected, except in one case where the meeting is held in the evening. With little exception the hour is observed.

Ans. 2. With little exception, love and unity are maintained and detraction guarded against. Endeavors are used to end differences when they appear.

Ans. 3. With few exceptions Friends are careful to maintain a religious life and conversation. Some deficiency exists in training children in accordance with our Christian profession.

Ans. 4. We think the Holy Scriptures are frequently read in most Friends' families, individually and collectively, and that they encourage their children and others in this practice. Our testimony to a free gospel ministry is maintained with very few exceptions.

Ans. 5. With twenty-three exceptions Friends are clear of the use of intoxicating liquors as a beverage. Generally careful to avoid amusements and diversions inconsistent with a Christian character, and to observe true moderation in all things.

Ans. 6. The circumstances of the poor have received attention, and care is taken to educate their children.

Ans. 7. With a few exceptions Friends are faithful in maintaining our testimony against bearing arms and other military matters. Seven Quarterly Meetings report exceptions in regard to oaths. No defrauding of the public revenue.

Ans. 8. Nearly all Friends are careful in observing the several parts of this query.

Ans. 9. Nearly clear as to records. Some removals without certificates.

Ans. 10. The discipline is administered in tenderness and impartially, though not in all cases as timely as would be best.

It is the judgment of this Meeting that our subordinate Meetings be directed through their Overseers or a Committee for that purpose, to obtain definitely the number of those Friends who do not read the Holy Scriptures daily in their families.

MINUTE ON THE STATE OF SOCIETY.

In considering the state of Society we were reminded that if we would be benefited by the examination of the queries, we must examine them in the presence of the Great Searcher of hearts. The importance of attend-

ing our Meetings for Divine worship was impressed upon us. The purpose of worship is for the soul to come near in reverent adoration before God. "Worship is the adoring response of the soul to the influence of the spirit of God." The thought was lovingly expressed that we are losing ground by not encouraging intervals of living silence in our Meetings for worship. "In silence is the hiding of spiritual power." Our Divine Master leads His servants to feel the needs of those who should be fed and instructed, and strengthens them to labor in word and doctrine; and it is in silence that He is pleased at times to seal upon the hearts of men their instruction. With reference to the third query we were reminded that we cannot maintain anything until we have it to maintain. We must be born from above before we have the religious life to maintain. In this new life it becomes our duty and also our joy to search the Scriptures. The daily devotional reading of the Holy Scriptures was held to be a duty which we owe to our families, and also necessary to our individual growth and maintenance in the Divine life. If we do not find an altar at our homes we shall not be likely to go to the place of worship to seek one. Sorrow was expressed at the growing laxity among our members in regard to oaths. The oath is a priestly thing. The affirmation says, "If I tell a falsehood I submit to the penalties of the law,"—the oath involves the penalties of the judgment to come. The world says that it is not needful to speak the truth unless bound by an oath. The law of Christ says we must have truth in the inward parts and speak the truth at all times. "Let your yea be yea, and your nay, nay." We were exhorted to firmly maintain that truth in which our Society has stood forth in noble testimony, at the cost of blood, and purchased freedom for us. It was earnestly advised that the truths of the Gospel as held by Friends be taught in our Bible Schools, and instilled into the minds of children while young.

A message from a Congregational minister across the water, was delivered to us by our dear friend, George Grubb of Ireland.

"The churches need the continued testimony of the Society of Friends to the spiritual nature of the kingdom of Christ. Tell Friends not to be adopting our methods, for they fall short of what Friends profess, and they will only prove a failure."

Adjourned to meet in joint session this afternoon at 3 o'clock.

AFTERNOON.

Met in joint session pursuant to adjournment.

48. The Committee on Temperance presented their Report, which is as follows, viz. :—

REPORT OF THE COMMITTEE ON TEMPERANCE.

Although the Yearly Meeting's Committee on Temperance has found it impracticable to meet since it was organized, the reports of the various

members show that much earnest, persevering effort has been put forth for the cause of Temperance.

While we are glad to report the faithful service rendered by many, we can but feel that much more might have been done, if, at the time of its organization, a plan had been adopted, giving a definite work to each member of the Committee.

We recommend this arrangement to our successors. From the reports we learn that the temperance lessons are very generally taught once a month in the First-day Schools throughout the Yearly Meeting. At Parsonsfield, Me., a temperance meeting was held in the evening at the time of the Quarterly Meeting, and was well attended. A Temperance Band of twenty members was formed among the children, all of whom have taken the triple pledge. At this place a temperance lesson is taught once in two weeks.

At Lawrence, Mass., four public meetings have been held, and Friends are enthusiastic workers in the cause of Temperance. One member of the Committee in her report writes, "I have distributed literature, sent papers, introduced resolutions in Town Conventions, written articles for the papers, and held many Gospel Temperance meetings."

She adds that sickness all through the winter prevented her from doing as much work as she had hoped to do when she received her appointment.

Interesting meetings have been held at Vassalboro, Me., and Oak Grove Seminary. The latter was addressed by Mrs. Gleason of Boston, and both were well attended. A meeting was also held at Friends' School in Providence, R. I., where Mrs. Gleason gave a very interesting and instructive lecture on the subject of Narcotics and their Effects. This was followed by a brief, but energetic address from the principal of the School, indorsing and re-enforcing the words of the previous speaker. The injurious effects of alcohol and narcotics on the human system have been presented to the class in Physiology, and the prevailing sentiment in the School is strongly against their use.

One college, several high schools, and many schools of a lower grade have been visited and addressed on the subject of Temperance. Temperance literature has been widely and, we trust, judiciously distributed. More than one hundred boys and girls in the New Hampshire Industrial School have been supplied, by one of our number, with Illustrated Temperance Papers, published by Friends in Chicago. Monthly temperance exercises have also been conducted in this school.

Many other institutions in different localities, also railroad and fire engine stations have been supplied with temperance papers and tracts. In other cases they have been handed out to meet individual needs as suitable opportunities have offered.

From the report of the Superintendent of Literature, we learn that he has had calls from thirty persons, mostly members of the committee, for literature of different kinds, all of which have been supplied. Early in the year, there came a few orders that were not filled, owing to the fact

that there was no money in the treasury. The new method of raising funds caused a delay of about six months in getting any money.

Number of pages distributed	45,267
Number of cards (picture, and triple pledge)	823
Number of pages of library matter	8,504

In nearly every locality, where any temperance work has been done by the Committee, we notice that the young people and children have been especially remembered.

Doubtless we are all of the opinion that they constitute our most hopeful field of labor. Our Superintendent of Juvenile Work informs us that, from a careful survey of the field, she is convinced that Gospel Temperance Work, in our Bible Schools, keeps pace with other religious work in our Society, and that we have many devoted laborers in this department all over New England Yearly Meeting.

In most of the places from which we have heard, through the Committee, there have been from one to four public meetings. Our Committee on Lectures reports that twenty-five lectures, and many more than that number of brief addresses, have been given during the year by members of the Committee, and by others under their auspices.

The amount of money expended by the Committee, during the past year, does not equal that of previous years, for the reason before alluded to, as will be seen by the Treasurer's report. We desire to express our deep regret for the outrages which have been committed in Alaska, upon the Missionaries of Kansas Yearly Meeting, while engaged in enforcing the Prohibitory Law, which resulted in the death of one, and the barbarous treatment of another.

We recommend that this important work be continued, and placed under the care of a new Committee, and that two hundred dollars be raised for its use.

Respectfully submitted,

M. AUGUSTA BATTEY, *Secretary.*

NEWPORT, Sixth Month 13th, 1892.

We appreciate the labors of our dear friends, in their efforts to stem the tide of evil which is flooding our land.

We feel that this is no time to relax our efforts, but that each one of us is responsible, to a certain extent, for the continuance of this evil.

We desire that all may be faithful to their God in their homes, in their business vocations, and at the Polls.

That total abstinence for the individual, and prohibition for the nation, may be the motto of every life.

The nomination of some Friends, to have the care of this subject for the coming year, was referred to the Nominating Committee.

49. The Committee on Peace have presented their Annual Report, viz. : —

REPORT OF THE COMMITTEE ON PEACE.

TO THE YEARLY MEETING :

The Committee has met three times since its appointment. As it will appear from our Treasurer's report, we have made an appropriation to defray the expenses of Susan T. Fessenden who delivered an address before the pupils of the Friends' School at Providence on the evils and the unchristian character of war, in such a manner, we believe, as to enforce the regular instruction at the school on the subject, and to make a permanent impression. We have also made an appropriation towards the support of the "Messenger of Peace and Christian Arbitrator."

Especially through the earnest zeal of one of our members, about twelve thousand pages of peace tracts and leaflets have been distributed in the past year, among persons by whom, it was thought, they would be read and appreciated.

In Second Month last we sent a memorial to the President and the Senate and House of Representatives of the United States, in favor of the calling by our Government of a Conference of representatives of the more important governments of the world to meet at Chicago at some time during the Columbian Exhibition in 1893, and to take measures in furtherance of the adoption of arbitration as a means of settling all international disputes.

We have appointed our friend Thomas J. Battey as our delegate to the Universal Peace Congress to be held this year at Berne.

The testimony which the Society of Friends, as a branch of Christ's Church, bears and has always borne to Peace as a part of the Good Tidings which Christ brought to the world, is clear and unmistakable. May this testimony be maintained faithfully by every member of our Society. We place no high estimate on the efficacy of special formal organizations and stated meetings in behalf of this cause, especially on the part of a Society, which is so small in its numbers and resources as ours, and whose testimony on this subject is already so well and so widely known; but we think that the Committee of the Yearly Meeting should always stand ready to encourage and aid any fresh movement in advocacy of Peace which may be prompted by the Holy Spirit.

Under the Divine influence, as we believe, the Representative Meeting in 1888 issued a declaration entitled, "War an unnecessary evil forbidden by Christ, and contrary to Scripture," which has proved to be a very efficacious and useful document, and upwards of one hundred and twenty thousand copies of which have been printed and circulated.

It has given us great pleasure to commend and circulate the excellent oration on "The Coming Peace" delivered "before the City Council and Citizens of Boston, July 4, 1891," by Josiah Quincy. The able and eloquent speaker, the bearer of an historic name, spoke of the doctrine of non-resistance as "nobly maintained by one body of Christ's followers," and gave high credit to William Penn as the originator of the very idea of an international tribunal for the settlement of international disputes. A fresh document like this, from such a source, is sure of receiving attention even from the most cultivated and intelligent persons to whom it is sent, while the ordinary peace tracts and publications are in frequent danger of being thrown into the waste basket.

The election of our Friend, Benjamin F. Trueblood, to the important and influential office of Secretary of the American Peace Society, has given us great satisfaction. With his high and varied qualifications for the post, we trust that he may be enabled for many years to render great service to the cause.

We wish to call the attention of Friends purposing to travel in Europe, to the favorable opportunity which the present state of that continent, oppressed by militarism, affords for the advocacy of Peace. Peace tracts can be obtained in almost all of the European languages, and many are now ready to read them eagerly as well as to listen to the words of those who set forth the wickedness and the impolicy of war.

Whether at home or abroad, may we all be loyal to the Prince of Peace.

On behalf of the Committee,

THOMAS CHASE, *Chairman*.

NEWPORT, Sixth Month 14th, 1892.

We rejoice in the evidence afforded that the early testimony of our Society against all wars and fightings is making its way among

the nations of the earth. The earnest and varied work of the Committee during the past year is appreciated, and we trust they will embrace every right opening for the promotion of this blessed cause.

The nomination of a Committee on Peace is referred to the Nominating Committee.

50. The Report of the Young Friends' Christian Fellowship Union, was then read and is as follows, viz. :—

REPORT OF THE YOUNG FRIENDS' CHRISTIAN FELLOWSHIP
UNION.

TO THE YEARLY MEETING :

In making this our first report to the Yearly Meeting, it may perhaps be well to explain at the outset the nature of this society which has been formed among you.

It is really a portion of that great Society of Christian Endeavor which has taken such a remarkable hold upon the young people of every denomination all over the world. Our object is to enlarge the kingdom of the Master, to stimulate our members and others to lives of Christian activity and purity, and to promote attachment and loyalty to the Church. Our motto, “For Christ and the Church.”

Our chief organ is the prayer meeting, held weekly by each auxiliary society and to which not only members but every one is welcomed, and we can with deep thankfulness say that many times in these meetings, though often we have been few in numbers, yet the Master whom we are striving to serve has been with and blessed us in a wonderful degree.

As young people can best be helped by other young people, we who have tasted and seen that the Lord is indeed good are trying in every way, individually as well as through our Look-out, Social, and Prayer meeting Committees, to bring other young people to a knowledge of the Master and his wonderful love for each one of us, and our prayers for others have sometimes been so abundantly answered, that we have felt that surely it was the Lord's doing, and marvellous in our eyes.

To promote attachment and loyalty to the Church. This part of our object too, receives its due attention among us, and we can truly say that never before have the young people of New England Yearly Meeting felt a deeper and truer love for our branch of the Church of Christ than to-day; and others who have come into our meetings from outside have come to respect and love the principles which are so dear to us.

The membership in the different societies is divided into two classes: the Active Membership list which consists of earnest young Christians who sincerely desire to accomplish our object, and the Associate Membership list consisting of young people of worthy character who desire to be connected with the society and yet are not at present willing to be considered decided Christians, and for this latter class we are continually praying that they may be willing to be known as Christians.

With the exception of Dover and Parsonsfield Quarters, each Quarterly Meeting has within its limits one or more of these societies with an average membership of about thirty active and eight associate members, and a total membership of over five hundred. The largest society is that at Friends' Boarding School, Providence, R. I., with sixty-seven active and thirty-two associate members.

In the past year four new societies have been organized, at East Vassalboro, Unity, China Neck, and Hallowell, Me., and of our members who were not already Friends, eleven have requested for membership.

An important branch of this society is the Junior work, under the care of some member who is interested in the welfare of the children, and who will be in return loved and respected by them.

As yet there is only one of these Junior Societies in the Yearly Meeting, but that one is a source of encouragement and rejoicing to the older society in that place as it notes the decided change and improvement in many of the juniors. We are anxious that in the coming year more of this work among the children may be done, for it is certainly a most fruitful and interesting field.

And now, in conclusion, may we not ask your prayers that in the coming year our work for the Master may be more effectual, that we may be the instruments in His hands of bringing many souls to Him and of strength-

ening and encouraging those who already are at work in His vineyard, remembering that "One is your master, even Christ, and all ye are brethren."

ARTHUR M. HUSSEY, *President.*

MARY S. PAIGE, *Secretary.*

NOTE.—It was decided to change the name of this Society to Young People's Society of Christian Endeavor.

"We can have no higher joy than to see our children walking in the truth." And we welcome this simple story of the work carried on by our young Friends during the past year.

We desire their encouragement in every good word and work, and trust that in the days to come we shall realize the truth of the declaration, "Instead of the Fathers there shall be the children."

51. A report has been presented, by the Committee having charge of our aged Friend, Dougal McNab, from the British Provinces, which has been read and accepted, viz. :—

REPORT OF THE COMMITTEE IN CARE OF A FRIEND FROM
THE BRITISH PROVINCES.

TO THE YEARLY MEETING :

The Committee in care of the Friend from the British Provinces report that they have given attention to the object of their appointment. Several visits have been paid him, during the year, by a part of the Committee, which appeared to afford him, in his infirmity and age, real comfort and encouragement. He was always cheerful and happy, evincing great love and attachment to his friends, and gratitude for their generous support.

The aid furnished by the Yearly Meeting, last year, was applied to his use and benefit, making the closing year of his life more comfortable.

In Second Month last, he passed peacefully and sweetly on to his heavenly home, in the ninety-seventh year of his age. He had long been waiting and watching for the change.

His remains were interred in one of Friends' burying-grounds, in China, Me.

ALFRED H. JONES,
HANNAH J. BAILEY,
WILLIAM H. BEALE,

Committee.

NEWPORT, Sixth Month, 1892.

There being a deficiency of seventy-five dollars, on account of expenses incurred, the Treasurer of the Yearly Meeting is authorized to pay the same to the Committee in charge.

52. The Committee on the New Method of raising Funds was read and approved, viz. :—

REPORT OF THE COMMITTEE ON THE NEW METHOD OF RAISING FUNDS.

TO THE YEARLY MEETING:

The Committee under appointment to carry out the provisions of the plan for raising funds in the Yearly Meeting have carefully considered its practical workings for the past year, and we are encouraged with the success of this system in the Monthly Meetings, where it has been tried.

We now recommend that the report as adopted at our last Yearly Meeting, with some transpositions of sentences and some verbal changes to make it better understood, be printed again in our Minutes this year, and the method thus in practice by envelopes be continued.

The plan as revised is herewith given.

By direction and on behalf of the Committee,

ROBERT P. GIFFORD, *Clerk.*

NEWPORT, R. I., Sixth Month 10th, 1892.

This is a revision of the plan proposed last year and is commended to the attention of our members with the hope that in the coming year, there may be a more perfect understanding of the system, and a fuller carrying out of the same.

A PLAN FOR CHRISTIAN GIVING.

The necessity of system in Christian giving is very generally recognized, and together with the principle of proportionate giving, have their warrant in the words of Scripture: "Upon the first day of the week let every one of you lay by him in store, as God hath prospered him, that there be no gatherings when I come." (1 Cor. xvi. 2.) "The tenth shall be holy unto the Lord." (Lev. xxvii. 32.) "Unto whomsoever much is given, of him shall be much required." (Luke xii. 48.)

We believe there are many among us who may be sharers of blessings not yet known, when quickened by the Gospel teaching, "Every man according as he purposeth in his heart, so let him give; not grudgingly, or of necessity: for God loveth a cheerful giver." (2 Cor. ix. 7.)

The Mosaic standard relating to tithes and offerings for the Lord's work was not lost sight of by the early Christian Church, but rather did the ancient system of giving receive a new impulse when brought under the power of that sacrifice which was "the offering of Himself once for all."

1st. *Duties of Yearly Meeting's Committee on Finance.*

The Yearly Meeting's Committee on Finance shall annually issue a Circular Letter to our Members containing a statement of the several amounts which are necessary to be raised for Yearly Meeting expenses (including obligations which may have been assumed), and for the charitable and benevolent objects under its care, these latter amounts having been specified in the annual reports to the Yearly Meeting by the respec-

tive Committees, and are to be provided for by the free-will offerings of our members.

The Circular Letter shall also embody such other items of interest and advice relating to finances as may have claimed the attention of the Yearly Meeting, and shall give such directions about the use of the envelopes as may seem to be required. It shall contain suitable blanks in which to enter, if desired, an estimate of Monthly and Preparative Meeting expenses with the individual apportionments. The following form is recommended:—

The amount which Monthly Meeting has directed to be raised to meet expenses the ensuing year, including its quota of Yearly and Quarterly stock is \$

Quota of the above amount for	Preparative Meeting \$.....
Current expenses for	Preparative Meeting \$.....
Total	\$.....

Thy proportion of the above amount is about per month.
..... Treasurer.

The Yearly Meeting's Committee on Finance shall issue subscription envelopes, which shall express in printed form every item for which funds are desired, with suitable space for figures. They shall contain a blank for the number assigned to the donor, and be arranged for monthly contributions from our members and others who may desire to aid our work. These shall be forwarded with the Circular Letter in their respective proportions, to each Monthly Meeting for distribution by its finance committee. The Yearly Meeting's Committee on Finance shall also furnish the treasurers of subordinate meetings, at a nominal price, with the initial book of entry for keeping the accounts under this system.

2d. *Duties of Monthly Meetings and their Finance Committee.*

In each Monthly Meeting a committee on finance, representing each Preparative Meeting within its limits, shall be annually appointed after the official communication is received from the Yearly Meeting's Committee on Finance.

This committee shall assist the treasurer of the Monthly Meeting in the apportionment and collection of all funds required for meeting expenses, and in receiving and forwarding all free-will offerings that may be contributed toward the objects named in the Circular Letter.

When a Monthly Meeting consists of more than one Preparative Meeting, the treasurer of the Monthly Meeting shall designate one member of the finance committee for each Preparative Meeting, to have charge of its receipts and disbursements, who shall report the same annually to the Preparative Meeting if desired, and also to the treasurer of the Monthly Meeting.

The treasurer shall make an index in his book of entry of those who may be donors, giving each a number, and when members of one family prefer to be indexed under one number, the Treasurer may adapt his record to such choice.

He shall, with the aid of the finance committee, number twelve envelopes for monthly offerings from each, writing the index number at the upper left-hand corner and with the envelopes, each donor shall be given a copy of the Circular Letter after filling in the proper blanks.

As the envelopes return from the donors, the treasurer shall enter the items in the cash book, stating the number of envelope and name of month when payment is made, with the respective amounts in the proper columns, and shall forward the totals to the respective treasurers of committees, having in charge the work for which the money is specifically given. These remittances shall be made quarterly or as often as shall best suit the needs of the working committees.

3d. *Duties of Individual Members.*

Each member, who is able to do so, is desired to enclose in the envelope, monthly contributions toward the item "Meeting Expenses" as apportioned by the finance committee, but if preferred the amount may be paid proportionately semi-annually or annually. He is also earnestly entreated to contribute free-will offerings for any or all the other objects named in the Circular Letter, as may be consistent with his duty to God as a steward of property entrusted to him, being careful always to give an honest reply to the query, "How much owest thou unto my Lord?"

If the donor has no choice how his offerings shall be appropriated, the amount may be placed against the item, "General Fund," and the finance committee of the Monthly Meeting will distribute it among the objects named as in its judgment seems best.

53. George H. Farr was appointed to serve on the Nominating Committee in place of John J. Frye who has been obliged to return home.

54. The Representatives from Sandwich Quarterly Meeting propose the name of John B. Baylies; Falmouth proposes the name of Charles M. Jones, and Fairfield the name of Joseph E. Briggs to serve on the Finance Committee from their respective Quarterly Meetings, which nominations are approved by this Meeting.

55. The subject of the appointment of delegates to the Conference of American Yearly Meetings to be held at Indianapolis, Ind., in the Tenth Month next, claimed the attention of the Meeting, and it was the united judgment of Friends, that such a committee be appointed, consisting of five delegates and four alternates, and Alfred H. Jones, Henry C. Aydelott, Harriette D. Collins, Jesse McPherson, Ellen K. Buffum, Joseph E. Briggs,

William O. Newhall, William Thompson, and David B. Wheeler, were appointed a Committee to propose to this Meeting at a future session the names of suitable Friends to constitute said Committee. They were also requested to nominate two Friends and two Alternates to attend the opening of Wilmington Yearly Meeting.

56. The Committee on Nominations presented the names of Friends for a Committee on Western Indians, which were approved and will appear later in the Minutes.

57. The names of Friends to constitute a Bible School Committee were now presented, and approved by the Meeting, and will appear later in the Minutes.

Adjourned to meet in separate sessions to-morrow morning at ten o'clock.

FOURTH-DAY MORNING THE 15TH. — Friends assembled in separate sessions pursuant to adjournment.

58. The Committee on the disbursement of the income of the Mosher Fund, and Trustees of the Mosher Fund, have presented their reports, which are satisfactory to the Meeting, and the same committee is reappointed for that service, the coming year.

The report is as follows, viz. : —

REPORT OF COMMITTEE ON INCOME OF THE MOSHER FUND.

TO THE YEARLY MEETING :

The Committee on the disbursement of the income of the Mosher Fund would report that for books in Arabic for the Ramallah Mission, the sum of ten dollars (\$10.00) was expended.

One hundred and fifty-six copies of the Friends' Review, and fifty-five copies of the Christian Worker have been subscribed for.

One hundred and forty-seven copies of the book entitled "Glimpses of George Fox and his Friends" by Jane Budge, have been distributed.

Less money than usual has been available during the year, on account of the change in the trusteeship of the fund, consequently the committee have not been able to accomplish as much as they would otherwise have done.

LYNN, Sixth Month 6th, 1892.

59. The following summary of the Answers to the Queries of the Meeting on Ministry and Oversight together with a minute adopted by that meeting were now presented and read, viz. :—

SUMMARY OF ANSWERS TO THE QUERIES OF THE YEARLY MEETING ON MINISTRY AND OVERSIGHT.

TO THE YEARLY MEETING :

First. — With few exceptions our members are diligent in attending our meetings for worship and discipline. Careful to promote the attendance of our families.

Second. — We are generally in unity one with another, and with the meetings to which we belong, harmoniously laboring together in gathering unto Christ.

Third. — We are engaged frequently in searching the Holy Scriptures, prayerfully seeking a right understanding of their contents under the enlightening influence of the Holy Spirit; we are careful not to misquote or misapply them.

MINUTE FROM THE YEARLY MEETING ON MINISTRY AND OVERSIGHT.

While we have been favored to be together "in the unity of the Spirit," a deep concern for the welfare of Zion has been apparent among us, and the blessing of our Heavenly Father was invoked for the salvation of souls and for the establishing of His kingdom. "We are nothing, Christ is all."

“According to your faith be it unto you.” As the work of the Church in the saving of souls and the building up of believers was testified to by witnesses, we felt to give God the glory and bless Him for the privilege of sharing the joy that begins in heaven “over one sinner that repenteth,” and we believe He is answering the fervent prayers of the Church for a revival of His work among us. The contentious spirit has no place among us, but we are laboring in Christian love and forbearance in gathering unto Christ.

With a full recognition of His power and presence as Master of Assemblies and Head of His Church, we believe we shall be able to declare “the unsearchable riches of Christ.” And our labor is not in vain as we permit “the very God of Peace to sanctify us wholly.”

Success in the work for the Master can be assured only by abiding in Him.

As we open our hearts to the Great Searcher of hearts, we find Him meeting our needs, affording us wisdom, grace, and strength, and bringing us into those experiences which increase our powers to preach the everlasting gospel.

In much tenderness we were reminded that our Lord and Master wants us to do the best we can under the circumstances in which we are placed, that there are diversities of gifts, the exercise of which the Church stands in daily need, and that “clothed with His righteousness” and “filled with all the fulness of God,” we are to go forth teaching all nations, “baptizing them into the name of the Father and of the Son and of the Holy Ghost,” comforted by the promise, “Lo, I am with you always, even unto the end of the world.”

Faithfulness in the Lord's service will bring comfort, joy, and peace in all our subordinate meetings.

We are forcibly reminded that a great obligation rests upon our Society for the legacy which has come to us, an inheritance from those who won it through faith and sacrifice, and while it is our primary aim to win souls for Christ, it is of great importance that our special mission in the world be clearly kept in view, that we maintain our testimony for spiritual worship, and against formalism and ordinances, against wars and oaths.

ALFRED H. JONES,

On behalf of the Committee.

NEWPORT, R. I., Sixth Month 15th, 1892.

61. The following Memorial on the subject of Southern outrages was read and approved, and the Clerk was directed to sign the same, and forward it to the President of the United States and to the Senate and House of Representatives in Congress assembled, viz. :—

To BENJAMIN HARRISON, the President of the United States, and to the Senate and House of Representatives in Congress assembled.

The Yearly Meeting of Friends for New England, assembled in their Annual Meeting at Newport, R. I., having under consideration the atrocities committed against the colored people at the South, by wicked and

lawless men, respectfully ask the extension over that suffering race of the special care of the General Government, the strict maintenance of their right "to life, liberty, and the pursuit of happiness," and their protection by that Common Law, which should be the safeguard of every citizen.

62. The Clerk was also directed to sign and forward the following Memorial to the Commissioners of the Columbian Exposition at Chicago, viz. :—

To the COMMISSIONERS OF THE COLUMBIAN EXPOSITION to be held in Chicago, Ill., in 1893.

The Yearly Meeting of Friends for New England assembled in their Annual Meeting at Newport, R. I., under a deep sense of the importance of their request, ask that the Exposition shall be kept closed on the Sabbath, and that no intoxicating drinks shall be sold on the premises under any pretext whatever.

63. The following Memorial in relation to closing the Exposition on the Sabbath, was read and approved and the Clerk directed to sign the same on behalf of this Meeting, and forward to the proper authorities, viz. :—

NEWPORT, R. I., Sixth Month, 1892.

64. The following petition in relation to the sale of intoxicating liquors in Alaska was approved by the Meeting, and the Clerk was directed to sign the same, and forward to the authorities at Washington, viz. :—

To BENJAMIN HARRISON, President of the United States, and to the Senate and House of Representatives in Congress assembled.

Our attention has been called to the proposed bill to license the sale of intoxicating liquors in Alaska.

We, the Yearly Meeting of Friends for New England, assembled at Newport, R. I., representing more than four thousand and three hundred members, respectfully protest against that proposed Bill, and petition that there may be sufficient legislative action taken and such officers appointed that the present law may be faithfully enforced.

We desire to call attention to the fact that one of the missionaries of this religious Society has been murdered and another outrageously treated, while endeavoring to see the law enforced, and these deeds of barbarism have so far as we have learned received no notice from those in authority.

65. The following-named Friends have been appointed to present the above-mentioned memorials and petition to the President of the United States, Senate, and House of Representatives, viz., Timothy B. Hussey and Alfred H. Jones, and William O. Newhall as alternate.

66. An epistle to our brethren of Ireland was read at this time, and approved; and the Clerk was directed to sign and forward it on behalf of this Meeting.

67. In the matter of the bequest to this Yearly Meeting, under the last will of Sarah N. Pope Dixon, of England, we conclude to reappoint Augustine Jones and Robert P. Gifford a committee to represent this Yearly Meeting, with the powers given to them under their appointment in Sixth Month, 1890, and with full power to represent this Meeting in any place and in any matters arising under said will, or under the deed of trust of Sarah N. Pope, and with power to petition and consent to any change of trustees, or to any appointment of new trustees, or to the termination of said trust.

68. An interesting and satisfactory report from the committee on the concern of this meeting for the improvement of the condition of the Freedmen of the South, together with a report from the Freedmen's Normal Institute, at Maryville, Tenn., have been read, and are as follows, viz. : —

REPORT OF THE COMMITTEE ON FREEDMEN.

TO THE YEARLY MEETING :

In the care of the Freedmen's Normal Institute the past year we have experienced seasons of anxious thought, but we can thankfully acknowledge that our heavenly Father hath been mindful of us, and His tender mercies have been over this portion of His heritage.

Before the school opened in Eighth Month last we received the resignation of our friend, William P. Hastings, who had served as principal during twenty years previous. His good work and interest for the institution seem yet near us on account of his daughter, Lettie H. Garner, who became his successor. With many years' experience in the work with her father, as teacher and assistant, we believe the school will prosper under

her Christian service, provided her efforts receive the prayerful interest and practical aid which the cause demands.

The financial question is the one which we feel must claim special consideration at this time. While we are thankful for donations amounting to \$278.22, yet it will be impossible to continue the good work in our care, and hold the trust in the George Sturge legacy, without an increase of funds at our disposal. This special need we hope will only exist for a limited period, until the prospective income from other sources becomes available.

The attendance of students, with the aid of the George Sturge fund, has been large during the spring term, notwithstanding the reduced weekly allowance to each.

The report of our principal, L. H. Garner, relating to attendance and studies, is at hand; and in one of her recent letters she mentions blessed results from a series of meetings held for evangelistic work with the students.

In addition to the financial statement herewith, we would mention that \$200 have been forwarded in donations, to aid the freedmen in other parts of the South, by members of Amesbury Monthly Meeting.

We sincerely hope that the contributions for the work at Maryville will amount to \$500 during the coming year.

By direction of the Committee on Freedmen,

ROBERT P. GIFFORD,

Secretary.

75. The Committee appointed by Minute 65 of last year have submitted the following report, which is approved, and the proposed changes in our Discipline are adopted by this Meeting.

TO THE YEARLY MEETING :

1st. The Committee under appointment by Minute No. 65 of last year, in relation to reading and answering the queries once a year, would propose the following change in our Book of Discipline on page 107, Edition 1889: Instead of the paragraph beginning with the words, "It is also directed," the following should be substituted, viz.: It is also directed that to this purpose the queries be read in the Preparative Meetings preceding the Quarterly Meetings which occur before the Yearly Meeting, and distinct answers be given in said meetings to all the queries; and these answers be forwarded to their respective Monthly Meetings, where the queries are also to be read with the answers aforesaid; and each Monthly Meeting shall forward a summary of these answers to the Quarterly Meetings where the queries are to be again read, and the answers thereto which come from the Monthly Meetings; and a summary of these for-

warded by the Quarterly Meeting to the Yearly Meeting to be read there and a summary of these reports entered in the Yearly Meeting records. It is also directed that at all other Quarterly Meetings, and at all Monthly and Preparative Meetings which precede each Quarterly Meeting these queries be read together with those called "unanswered queries" on page 108, Edition 1889, and hence the paragraph in italics on this page 108 may be stricken out.

2d. In relation to the proposition from Dover Quarterly Meeting (see Minute No. 28 last year), we would propose that the following paragraph be inserted in our Book of Discipline on page 91, Edition 1889, preceding the paragraph headed "Delinquencies," viz.: When a Monthly Meeting shall have received reliable information that any of its members have joined another religious society or denomination, the names of such members may be dropped from our records and they released from membership without the appointment of a committee, except as the Monthly Meeting may direct its clerk or a committee to kindly inform the persons so released of the record made on their account, and to express to them our Christian interest and love.

By direction of the Committee,

ROBERT P. GIFFORD,

Clerk.

NEWPORT, Sixth Month 11th, 1892.

76. The following proposition referred to this Meeting, by the Meeting on Ministry and Oversight, is also approved, and the proposed change in our Discipline is adopted by the Meeting, viz.:—

The accounts from Rhode Island Quarterly Meeting on Ministry and Oversight show that they are united in asking that a change be made so that the second paragraph in italics near the bottom of page 116 of the Book of Discipline shall read as follows: "The other three are to be answered in writing in the Quarterly Meetings on Ministry and Oversight next preceding the Yearly Meeting, that the Yearly Meeting on Ministry and Oversight may receive a summary of these answers from each of the Quarterly Meetings." We further propose that our Meeting, which follows at New Bedford, be held on the second Fifth day of the First Month, instead of on the first Fifth day of the Twelfth Month; and that the ensuing Quarterly Meeting, at New Bedford, be held on the second Fifth day of Fourth Month, instead of on the first Fifth day, as now held; the hour to remain the same, 11.30 o'clock A. The subject of appointing a committee to attend the opening of said Meeting, and addressing to them an Epistle, is referred to the Representative Meeting, and the Clerk is directed to append this information in a note in the Epistle to Iowa Yearly Meeting.

85. The following Committee has been appointed to make all necessary arrangements for holding religious meetings during the sessions of our next Yearly Meeting, as way may open; also to propose times and places for the various Committees to meet, which are now or may be then under appointment. viz. : —

We have been refreshed together and enabled to transact the important business that has claimed our attention, in a spirit of love and harmony.

We now conclude with a sense of renewed responsibility to our Divine Master, purposing to meet in Lynn, Mass., at the appointed time next year, if the Lord permit.

The names of the Representatives being called, they were present, except fifteen, for the absence of seven of whom sufficient reasons were assigned.

The accounts from our several Quarterly Meetings have been read. The changes which have occurred in them, during the past year, will be embraced in a Summary to be presented at a future session.

An Epistle from our dear sisters of London Yearly Meeting, which failed to reach us in season, last year, has now been read, together with others from Dublin, Baltimore, North Carolina, Indiana, and a joint Epistle from our Friends of Ohio Yearly Meeting.

Our beloved friend, George Grubb, a minister from Ireland, is now in attendance of this Meeting, and has presented a certificate from Cork Monthly Meeting, indorsed by Munster Quarterly Meeting, and the Foreign Service Committee of Dublin Yearly Meeting of Ministers and Elders, all expressive of unity with him in the extensive service to which he feels called of the Lord. The company of our dear friend from across the sea has been very acceptable to us, as well as that of other Gospel messengers from our own land, who are now with us.

We have also, at this time, the acceptable company of Seneca H. Stevens, Fernando G. Cartland, Harry R. Keats, and Edward G. Wood, from New York Yearly Meeting; David E. Sampson, from North Carolina Yearly Meeting; John Carey, from Indiana Yearly Meeting; William G. Johnson, from Western Yearly Meeting.

John F. Hanson and his wife Alice Hanson, from South Dakota, William L. Pearson, Oskaloosa, and George N. Hartley, Oregon, all of Iowa Yearly Meeting, who have presented satisfactory certificates from their respective meetings, expressive of unity with them as ministers, and with their present religious engagements.

We have also in attendance of this Meeting Clark M. Terrell and his wife, Esther P. Terrell, from Iowa Yearly Meeting, Emma Sampson, an Elder, companion to her husband, David E. Sampson, and Lindley M. Carey, companion to his father, John Carey, from Indiana Yearly Meeting, whose company is acceptable to us.

We rejoice that the Lord has turned the feet of so many of His messengers to this part of His heritage, and we extend to them a cordial welcome.

We appoint our friends, Louisa N. Meader, Rebecca D. Ewer, Lucy R. Goddard, Harriette D. Collins, Lydia E. Sawyer, Lizzie M. Hawkes, and Mary A. Battey, to prepare a summary of the answers to the queries from our several Quarterly Meetings.

A Nominating Committee of nine, one from each Quarterly Meeting, was appointed to present the names of Friends to constitute a Committee on Correspondence.

A proposition from the Committee of Arrangements has been presented to this Meeting. We have united in its acceptance in concurrence with men Friends. The Representatives, as they meet at the rise of this Meeting to consider the subject of Clerks for the ensuing year, were requested to make the nomination indicated in the above-mentioned proposition.

Under a grateful sense of the Lord's continued goodness of His protecting power and watchful care over us since our last annual gathering, we adjourn to meet at 3.45 o'clock this afternoon.

AFTERNOON. Met in separate session according to adjournment

The Representatives having conferred together, M. Augusta, Battey informed this meeting that they were united in proposing Anna G. Wood for Clerk, and Ruth S. Murray and Deborah P. Atherton for Assistant Clerks, which nominations being separately

considered were approved, and they were appointed to those services for the ensuing year.

The names of the following Friends were also presented by the Representatives to constitute a Nominating Committee, viz.: Melissa S. Dearborn, Mary C. Hawkes, Elmira B. Buffum, Eliza P. Pierce, Mary A. Battey, Emma A. Douglas, Susan F. Hoxie, Alice W. Maxfield, and Electa J. Collins, which were united with by the Meeting.

The Nominating Committee to propose the names of Friends to constitute a Committee on Correspondence have presented the following, which being approved by the Meeting, they were accordingly appointed to that service, viz.: Gertrude W. Cartland, Rachel S. Howland, Elizabeth T. Larkin, Tacy P. Hawkes, Jr., Gertrude H. Pinkham, Salome C. Wheeler, Harriette D. Collins, Elizabeth A. Slade, Jennie M. Atkins, Myra E. Frye, Susan T. Thompson, Deborah P. Atherton, Anna J. Goddard, Susan Peckham, Avis B. Steere, Alice W. Maxfield, Hannah G. Ladd, Anna M. Hussey, Ruth S. Murray, and M. Augusta Battey.

We adjourn to meet in joint session at 4 o'clock.

SECOND-DAY MORNING, 6th Month, 13th.

Met in separate session near ten o'clock.

The remaining epistles from our sisters of Western. Iowa and Kansas Yearly Meetings, also one from our dear friends at Ramallah have been read. These loving greetings have been interesting and acceptable to the Meeting, and we have desired that this sisterly intercourse may be mutually helpful and strengthening.

The Joint Committee appointed to examine certain papers, addressed to the Clerks of the Yearly Meeting, have presented a Report which has been accepted in concurrence with men Friends.

A proposition from the men's meeting in regard to changing the name of the Representative Meeting, is referred to the Representatives from our Quarterly Meetings.

The Report from Falmouth Quarterly Meeting contained a suggestion that the wording of the Fifth Query and the second

unanswered query should be slightly altered, which was also referred to their consideration.

A request from the same Quarterly Meeting upon the subject of spiritual gifts and their recognition was referred to a joint committee to be appointed by the Nominating Committee.

A concern of Smithfield Quarterly Meeting in regard to the opening of the World's Fair at Chicago, on the First day of the week, and also the sale of intoxicating liquor on the grounds, was referred in a similar manner.

We have had with us at this time our beloved sister, Ellen M. Johnson, the Superintendent of the Sherburn Reformatory for Women. The meeting was interested in her recital of the efforts to reclaim our sisters, who, from the force of temptation, have stumbled in life's pathway. We are thankful to our sister for her helpful, stimulating thoughts, and trust we shall be more earnest in our search after the key to, apparently, hardened hearts, which may respond to the touch of kindness and sympathy, inspired by the love of Christ.

Adjourned to meet in joint session at 4 o'clock this afternoon.

THIRD-DAY MORNING THE 14TH.

Met in separate session according to adjournment.

From the Yearly Meeting of Women Friends recently held in London, we have received and read an acceptable epistle.

The Meeting now entered upon the State of Society as presented by the answers to the queries from our several Quarterly Meetings. A summary of these having been prepared was read.

SUMMARY ANSWERS.

ANSWER 1. Our Meetings for religious worship and discipline have been held except fifty-two, on account of sickness and other causes, also one Meeting omitted for three months, and two small Meetings held but few times during the year. First-day meetings generally well attended. Meetings in the middle of the week, much neglected. The hour observed by most Friends.

ANS. 2. With little exception love and unity maintained, for the most part detraction is guarded against. Care is taken to end differences.

Ans. 3. We believe that most of our members are careful to maintain a religious life and conversation, one Quarterly Meeting reports a deficiency in this respect. Greater care is needed in the training of our children in accordance with our Christian profession.

Ans. 4. We believe the Holy Scriptures are read by most Friends individually as well as collectively; and children and others are encouraged in the daily practice of this religious duty. Our testimony to a free gospel ministry is maintained with little exception.

Ans. 5. Friends abstain from the use of intoxicating liquors as a beverage. Not entirely clear as regards amusements inconsistent with a Christian character. Moderation observed.

Ans. 6. The circumstances of the poor are duly inspected and their necessities relieved. When necessary they are assisted in finding employment and in educating their children.

Ans. 7. With some exception in one meeting our testimony is maintained against bearing arms and against other military matter, against oaths. Clear, against defrauding the public revenue.

Ans. 8. With little exception Friends are careful to inspect their affairs and settle their accounts, also to live within the bounds of their circumstances.

Ans. 9. Careful as to recording. Some cases of removal without certificates.

Ans. 10. With little exception the discipline is administered in Christian tenderness, timely and impartially.

MINUTE ON STATE OF SOCIETY.

During the past year much sickness has prevailed throughout our land, and, in consequence, a few of our small meetings have had to be discontinued for a time. Some of our dear friends have drooped under the burden of life, and have gone to their Heavenly home. Surely, we who remain have cause to commemorate the loving kindness of our God, in preserving our lives.

Certainly none of the Lord's children should willingly lose the benefit of our midweek gathering. In the hurry and bustle of our daily lives, it is a rest and refreshment to leave our cares for a season, to sit down in the presence of our Lord, to listen to His teachings. As the ear is attent to hear His voice, rich mines of instruction may be opened before us, which may be not only for ourselves, but for others also. And our dear young sisters may often find in these seasons, opportunities for service for their Lord, while their very presence is stimulating and encouraging to their older friends. It is as important that our spiritual life be renewed day by day, as it is that our bodies should be nourished. Consequently, it is our first duty to be alive unto God, and then we shall be ready for service. We should seek for the fresh anointing day by day, that our lives may be

to His glory. In the morning let the prayer arise, "Keep Thou the door of my lips"; not keep them shut, but fill them for Jesus. The Lord has a purpose in the position in which we are placed, and, as this prayer arises, we shall be given words to say which will afterwards bring forth fruit to His glory. Be watchful for opportunities; only one comes to us at a time, and, if missed, it may never return again.

We should be specially careful lest any word of ours should hinder the reception of good from any service in our meetings. No harsh criticism, or even any light comment, which would be calculated to dissipate the effect of the message of the Lord, should be indulged in.

In service for the Lord, let all be loyal to the Church, and keep to our denominational lines, which are in accordance with the Truth. Not in a narrow sense, but in the broad view of following the Lord Jesus; thus there will be unity in the preparation for the service, and unity in its performance.

As we allow the Lord Jesus to bring us into oneness with Himself, there will be a mutual forbearance and submission the one to the other. A spirit of love will unite old and young, and enable us to present a solid phalanx against the enemy of souls. Much strength and encouragement may be given by expressions of sympathy. The older Friends may strengthen the hands of their young sisters by a word of loving unity with the service to which they feel called. And our young Friends, by their tender and reverent conduct towards the aged ones, may help those on their journey, who are to be "esteemed highly in love for their works' sake."

In the presence of so many opportunities for service opening before the Lord's consecrated children, it is important that there should be earnest prayer for individual direction. "Lord, what wilt thou have *me* to do?" And, when the call is clearly given, may all endeavor to regulate their actions by two rules: one to "select, systematize, and simplify our duties"; the other, that "It is better to get ten more persons to work, than it is to do the work of ten ourselves."

Mothers were specially reminded of the necessity of careful supervision of the reading matter coming into the hands of their children.

They were also reminded of the injurious influence of the military drill now in use in our public schools. It certainly tends to foster a love for "the glitter and pomp of war," which, in years to come, may lead from an earnest following of the Prince of Peace.

The eighth annual report of the Women's Foreign Missionary Society has been read.

The Lord has continued to bless the earnest and faithful work of the committee during the past year, and we desire their encouragement for the year to come.

REPORT OF THE WOMEN'S FOREIGN MISSIONARY SOCIETY.

TO THE YEARLY MEETING OF WOMEN FRIENDS :

With grateful hearts to our Heavenly Father for what he has enabled us to do in the past year, we present you to-day our eighth annual report :—

STATISTICS OF THE W. F. M. S.

	Number of Auxiliaries.		Number of Members.

Auxiliaries gained, 0; members gained, 21; life members gained, 16.

The difference in the rate of increase from our last report, 156, is due largely to the fact that no organizer has been in the field during the past year. Constant stirring up is needed in this line of work.

Our interest in Ramallah has been deepened by the presence of the loved matron, Huldah H. Leighton, among us. Her clear, strong words, her consecrated zeal, her loving devotion to the work, have been an inspiration to many; and our prayers have followed her across the water, that He who "holds the winds in the hollow of his fist" would restore her to her loved Ramallah in safety. Our work there has been the same as in the previous year, — the support of two teachers and twenty girls in the Training Home. In this work we have continued to receive aid from other Yearly Meeting auxiliaries, and individuals not members with us. We keep in touch with this work, and our work in the Indian Territory, by monthly letters from the missionaries.

The sum of \$504 which has been raised for the erection of a new house at the Iowa Mission, is on interest. This sum is not sufficient to meet the needs, but the subscription list is still open, and as the contest with regard to the land will not, as we are informed, come to settlement before next twelfth month, there is ample opportunity for all who have not given, to do so. It is a trial to the missionaries to wait so long, but Lina B. Lunt writes: "God knows best, and all things work together for good to those who love Him." There has been sickness at the mission lately, deaths have occurred among the children, and they have been surrounded with water, as well as deluged through their roof. One night they were

forced to leave their house and flee to higher ground. In the midst of such scenes as these L. B. Lunt writes: "We are happy and contented. God is our strength and song, and is become our salvation."

God be praised for such missionaries. Their devotion and self-sacrifice shame our efforts for the promotion of the work.

Through the labors of John F. Mardock a fine lot of land has been secured half way between Shawneetown and the Iowa Mission, for the work among the Kickapoos. This lot contains one hundred and sixty acres, eighty of which is fine timber land and the rest rich valley. Elizabeth Test, who has foreseen for years this crisis, has, from her own savings, erected a house on this land, which she and her assistant are at present occupying. She intends to present this house to the W. P. M. S. of N. E. Y. M. It needs five hundred dollars for fencing, breaking up the land so as to show they are improving it, digging a well, and starting an orchard. Who will come to the help? As we think of E. Test's self-sacrifice, again we feel that the devotion of our missionaries puts us to the blush.

Reports show that only four out of all our auxiliaries observe the first Sabbath in each month as a season of special prayer for missions. Will not our auxiliaries take some active steps and do some wise planning whereby the evening can be observed as a missionary prayer-meeting? More prayer, united prayer, for laborers, for money, for the salvation of souls, is a crying need of the church of God to-day. "Pray ye therefore;" and "If two of you shall agree on earth as touching anything that they shall ask, it shall be done for them of my Father which is in heaven." With such a warrant, why do we not ask, in the name of Jesus, and receive?

While the missions at Ramallah and among the Indians have received our first attention, Boston still cares for a little girl in India; Fairfield Quarter has done similar work, "and other work outside the Association"; Rhode Island has helped the Blue Ridge Mission in North Carolina; and Vassalboro reports "Some home missionary work." Doubtless a part of this is simply a redeeming of pledges made in the past. While this home mission work mentioned is very blessed work, let us remember that it is really outside our province as a Foreign Mission Society, and let us strive to be truly loyal to our legitimate work, and forward it by every means in our power. Concentration is greatly needed in our work.

With regard to our three departments of work, General Literature, Systematic Giving, and Junior and Juvenile Work, sixteen auxiliaries attend to them all; three take up one department only; two take up two departments; one attempts something, but cannot fully carry it out; and one has superintendents in the three departments but has done nothing. Let each auxiliary make an honest effort in the coming year to do the best possible in this department work. We need the judicious distribution of literature to rouse and stimulate missionary zeal. Every woman in every meeting should be at least invited to subscribe for our Missionary Advocate, that she may know how the work is going on, that she may prepare

herself on the Uniform Lesson for the Auxiliary Meeting; and, if for no higher motive, that proper support be given to this organ of our Woman's Foreign Missionary Society. The department of Systematic Giving is very essential. Parsonsfield Quarter reports twenty-one who give on this plan, and Salem Quarter that in one auxiliary where this method is practised, the receipts have increased thirty-four and a half per cent. "Upon the first day of the week let every one of you lay by him in store, as God hath prospered him." Let us all try it.

Then surely the Junior and Juvenile work should not be neglected. We must have that in every meeting where there is a child, for the sake of the children, and for the sake of the work. "Feed my lambs." Teach them to follow the Shepherd in loving self-sacrifice.

It is not possible to report the exact number of public meetings held during the past year, so many of our auxiliaries simply say, "several public meetings." More accuracy is greatly desired. Such meetings have been held at Winthrop Centre, Lisbon Falls, Portland, and Vassalboro, in Maine; and Lynn, Fall River, Amesbury, and Boston in Mass. The meeting in Boston occurring at a date to secure the presence of many who were to attend the National Woman's Christian Temperance Union, excellent work was done. Let each Auxiliary hold at least one public meeting in the coming year, and more than one if possible.

Boxes of clothing, books, and other necessary articles have been sent out to all our mission stations.

Two circular letters have been issued to our auxiliaries.

Money has been raised by membership dues, suppers, sales of ice cream and cake, aprons and other manufactured articles, collections at public meetings, mite-boxes, sewing to order, pledges, Chinese school entertainments, tithing incomes, etc.

The great need of the world to-day is the Gospel. This glorious Gospel of the Lord Jesus is committed to us a trust fund to use for Him in the salvation of souls. Let us use it; let us "hold forth the word of life" this year as if we knew it to be our last year of opportunity for God, and suffering, sin-burdened humanity.

ELIZABETH T. LARKIN,

REPORT OF JUNIOR AND JUVENILE DEPARTMENT OF W. F. M. S. FOR THE YEAR ENDING FOURTH MONTH, 1, 1892.

TO THE YEARLY MEETING:

There are seventeen Mission Bands of children and young people connected with our local Auxiliaries. The Band at Portland has been discontinued, and new ones at South Durham, North Berwick, and Dover have been formed in the past year. From the reports of local Superintendents and Secretaries, we find much the same methods have been used as in previous years, literary programmes and simple ways of raising money,

giving happy, helpful interest to their meetings. The newly organized Band at Dover is composed of twenty-three children, but four of whom are members of Friends' Society; most of the others seldom attend any meeting except this little Mission meeting. From these facts we get a suggestion of a combination of Home and Foreign Mission work. Some of the children's meetings have been addressed by helpful and interesting speakers. One Band prepares an exercise for the Sabbath School once a month and receives the collection for that day. Another has placed a birthday missionary box in the meeting-house. And so in various ways the work is going on.

An accurate report of total memberships and amount of money raised cannot be given, as four of the Bands have failed to send full reports for the year.

Respectfully submitted,

SARAH D. BROWN, *Supt.*

REPORT OF THE DEPARTMENT OF LITERATURE.

TO THE YEARLY MEETING OF WOMEN FRIENDS:

While, as the years go on, our auxiliaries multiply, and the work of our Society widens out more and more, for which we are very thankful, yet there seems to be less material for the report of the Superintendent of Literature. General information on missionary subjects, and an interest in missionary literature, have, we believe, increased in proportion to the growth of our Society; but the local Superintendents of Literature, having become better acquainted with the work, and with the needs of their respective auxiliaries, are less and less dependent on the General Superintendent for suggestions and supplies.

Our "Missionary Advocate," which is widely circulated, contains lists of desirable books and leaflets, with price lists, and other necessary information on the subject, in addition to its own valuable and interesting articles.

We say that the "Advocate" is widely circulated, and yet it may be seen, by the statistics accompanying this report, that the subscription list does not equal one half of our membership, which is greatly to be regretted, and ought certainly to be remedied. It is true that the membership includes families, which means one copy for several members; but, even making allowance for this, we think there should be more copies taken in our Yearly Meeting, and that a strong effort should be made, by the local Superintendents, to increase the subscription list, when we consider that it is the only organ of our Missionary Union, and when we consider, also, the pains taken, and the time and money devoted to make its pages useful and interesting, and worthy of our support.

The statistics of this department, as reported to Mary M. Haines in Second Month last, were as follows:—

No. of Auxiliaries that have Libraries	7
“ Volumes in Libraries	36
“ Auxiliaries without Libraries	17
“ Members of the Missionary Union	587
“ Subscribers to “ Missionary Advocate ”	240

Since the last Annual Report, the Superintendent of Literature has distributed about 287 leaflets. Respectfully submitted,

SUSAN PECKHAM,

General Superintendent of Literature.

NEWPORT, Sixth Month, 13, 1892.

DEPARTMENT OF SYSTEMATIC GIVING.

TO THE YEARLY MEETING OF WOMEN FRIENDS:

The fourth year of the work in this department shows some advance, though not as much, perhaps, as it should.

Reports have been received from all but one of the Quarterly Meetings, but as comparatively few of the Quarters or auxiliaries have superintendents of systematic giving, it is difficult to get the exact figures. From the accounts received, it appears that one hundred and five Friends are in the practice of systematic giving, and twenty-five have adopted it during the past year, so that there seems to be an awakening of the importance of this question.

A large part of the tracts mentioned by your late superintendent have been distributed among the different Quarterly Meetings, and from the reports it is believed that many families and individuals have been furnished with them. There are quite a number remaining which will be sent to any who have not yet received them. The tract “Paying What We Owe” should be in the hands of everyone, and carefully read and considered, as it presents the question of systematic giving in an exceedingly practical and convincing manner. One auxiliary had it read responsively at one of the meetings, and others might find this exercise a useful one.

Money has been raised by our auxiliaries in various ways—by stated monthly contributions, by free-will offerings, by sales of articles, by suppers, and by mite boxes. One auxiliary reports a successful auction sale. Mite boxes are mentioned by a few auxiliaries, and it is suggested that it would be well to encourage a more general use of these especially among persons who have not yet decided to lay aside regularly a portion of their income.

Your superintendent would especially call attention to the desirability of appointing local superintendents of this department, in order both for the more satisfactory collecting of the statistics of the work, and for arousing a more general interest in this subject by work in their own localities.

Respectfully submitted,

DEBORAH P. ATHERTON, *Supt. Sys. Giving.*

TO THE YOUNG FRIENDS' CHRISTIAN FELLOWSHIP UNION OF NEW ENGLAND YEARLY MEETING :

At the last Annual Meeting, held in Portland, it was voted that the Corresponding Secretary request the local Unions to send in their decisions in regard to a change of name.

Letters have been sent out to the various Unions, asking their attention to the matter. Prompt answers have been received from nearly all the Unions. A few had already changed their name to that of Christian Endeavor, and all the rest were heartily in favor of changing.

One chief reason given for the preference is, that our organization may be brought into closer relations with the United Society of Christian Endeavor, and this would be done by a name identical with (rather than similar to) theirs. For the purposes of identity, the local names might then be annexed to the general name, as is now done by the local societies of the United Society.

The Secretary has also corresponded with the Unions on different phases of the work, especially that of raising money for the use of the Society. The responses were cheering and prompt. Two Unions reported a giving social, as their effort of raising funds for this work. Much interest is apparent in all the Unions, and many of our young people are brought into closer relationship with the Church. And may we keep our motto ever in view, "For Christ and the Church."

Respectfully submitted,

LIZZIE M. FRYE,
Corresponding Secretary.

WOONSOCKET, 6th Mo. 10th, 1892.

ORGANIZER'S REPORT.

TO THE ANNUAL MEETING OF THE Y. F. C. F. U. OF NEW ENGLAND
YEARLY MEETING:

Your Organizer, in looking over the past year, feels like saying, with a heart filled with gratitude to God, that He who has promised to "make a way where there is no way" has watched over and blessed the work of the Fellowship Union.

In viewing the work the first part of the year, it did seem as though there was no possible way of increasing the number of Unions. In the

early part of last autumn, your President and organizer met in consultation at Portland; and, after prayerfully considering the work before us, it was decided that the organizer should solicit correspondence with each vice-president, and learn through them the places where it might be possible to organize, and also for the President to send out a number of letters seeking information in regard to the same.

This was done, with perhaps one or two exceptions, where others, thought to be more familiar with the Quarterly Meeting, were written to instead. In some quarters several letters were sent to persons within their limits.

As the result of this correspondence came the same answer in every case but one. The answer in substance was this: "We know of no place where there is not now a Union where we think it possible to form one at present, as we have not the young people, and, in some meetings, not the people of any age, to warrant organization."

The exception referred to was a call through the vice-president of Falmouth Quarter, that a Union ought to be formed at Windham. Your organizer started for the above-mentioned place; but on reaching Portland, and consulting the vice-president, found that he had been informed a day or two before that nearly all the young people at Windham belonged to a similar organization in another church, and that it was not of any use to think of organizing in that place. I will confess, that, taking this with the answers to the letters received, and also the answers to the letters sent out by the President, I did feel as though nothing more could be done to form Unions unless God made the way.

And soon—all praise to His "Blessed Name"—He did make a way. In a short time after, we joined other workers in a revival effort at Unity, Me., which continued for a month; the young were gathered into the meeting, quite a large number blessedly saved, and a strong organization formed. Immediately after, we joined in a similar effort at East Vassalboro, Me., with the same blessed results; also for a short time in the effort that is still going forward at Hallowell. Seventy or more souls have been converted or reclaimed, and a Christian Endeavor Society formed, a few days ago, of about thirty charter members. A society was also formed at West China a few weeks since.

It is a grand and glorious thought, that, in the four new organizations established, of about one hundred members, there is a large number of noble young people who only a few months ago were in the rank of the enemy that are now in the ranks of the Lord's saved children, fighting to win other precious souls. May God help us as Christian workers to push the work of salvation, and then organize for systematic effort.

Yours in Christ,

FRANK E. JONES.

6. An interesting account by Sylvester S. Aldrich of his visit to the Christian Endeavor Society of Iowa Yearly Meeting was read, in his absence, by John Metcalf.

7. Amy Johnson, of Indiana, and George Hartley, of Oregon, were present, and spoke briefly and interestingly of the work in their respective Yearly Meetings.

8. Inaccordance with the recommendation of the Executive Committee, it was voted to raise one hundred dollars, including the balance in the treasury, in the same manner as last year.

9. A collection was then taken to help defray expenses.

10. In accordance with a recommendation of the Executive Committee, it was voted that the name, Young Friends' Christian Fellowship Union, be changed to Young People's Society of Christian Endeavor, and the Secretary was instructed to inform the General Secretary of the National Y. P. S. C. E. of the change.

11. Fernando G. Cartland extended to the Society the greeting of the Young People's Society of New York Yearly Meeting, and also spoke briefly of the National Convention.

He was followed by Oscar J. Morse, of Woonsocket, who spoke chiefly of the grand programme arranged for the Convention, and by Phebe S. Aydelott, of Fall River, on Denominational Day at the Convention, and the necessity of Friends being well represented.

12. *Voted*, That an expostulation be sent to the Commissioners of the Columbian Exposition against opening on the Sabbath.

13. Clara C. Binford then read a very interesting paper on "Junior Christian Endeavor Work," speaking of the evident help of these societies to the children and of the remarkable influence of the children over others not members.

14. *Voted*, That Clara C. Binford be appointed Superintendent of Junior Societies for the Yearly Meeting.

15. A short consecration meeting was held, led by Tacie P. Hawkes, of Lynn, and many took this opportunity of telling of the goodness of the Lord to them.
